Dear Sir Pust 18 Feby 1817

Since you were here the dealers in Plaster have raised the retail price to 10$, at which we have been selling for some time past — we understand all the plaster in the hands of the Importers has been bought up at 8$ p ton — deliverable at the Wharves, and it is probable a further advance will take place in the Spring — Rye Flour is worth out of the wagon, about 10$ Wheat 14/2 $ p Bu

Yours &c
