My dear Sir

I received your much esteemed favor 6 March and in reply inform you I have told Mr Jones the Land would be of no use to me at present, it was Money I wanted and that if he would give me $6000 in Hand and the remainder in any reasonable time with Interest I would give him all the Brewery Utensils with all the Casks & Bottles on Hand. it rested in this manner for a few Days, when I sent Mr Pickett over to see and get his Barley, he told I then he would give me a better offer & mentioned to him that he would give the above sum in Hand and $6000 more in two Years without
