Carroll County Federal Office-Holders.

EDITOR OF THE SENTINEL:—Please give the following information through the columns of your valuable paper:

First—How many Federal offices are filled by citizens of Carroll county irrespective of politics and state the salary of each office.

Secondly—Give the name of each individual filling said positions and the election district they represent.

NON-OFFICE-SEEKER.

We are unable to supply the information requested, with absolute accuracy and in full, but append such answer as we are able to give. It is proper to add that the request for this information comes from a Democrat in one of the country districts, who has never, as far as we know, been an office seeker, but who is a gentleman of intelligence and standing and fully competent to fill satisfactorily any of the positions enumerated below, and which are held as here summarized:

George Batson, Republican, Westminster district, clerk, salary $1,400 per annum.

Charles H. Baughman, Republican, Westminster district, clerk, salary $1,200 per annum.

Charles Brilhart, Democrat, Manchester district, clerk, salary $1,150 per annum.

Louis M. Sellman, Democrat, Westminster district, inspector, salary $3.50 per diem, with occasional night work at $7.00.

Elias N. Davis, Democrat, Woolery's district, laborer in Appraiser's stores, salary $840 per annum.

Frederick Himler, Democrat, Westminster district, fireman, salary unknown, but supposed to be $60 per month.

R. C. Matthews, Democrat, Westminster district, laborer, compensation $2.00 per diem.

A Reese Bixler, Democrat, Westminster district, laborer, compensation $2.00 per diem.

Alfred Barnes, Democrat, Westminster district, laborer, compensation $2.00 per diem.

The aforegoing are officers and employees in the customs service. There are several officers in the Internal Revenue Department, among whom are:

D. A. C. Webster, Democrat, Uniontown district, deputy collector, salary $1,400.

George Thomas Mehring, Democrat, Uniontown district, storekeeper, per diem compensation, but exact amount not known.

J. Frank Shipley, democrat, Freedom district, station and salary unknown.

In addition to the aforegoing Mr. Charles T. Farver, Democrat, of Freedom district, holds a position, we believe, in the Baltimore Postoffice, but we are not informed as to its character, or the compensation affixed to it. The following are also in the Baltimore Postoffice: W. S. Leister, Hampstead district, Republican, clerk, salary not known; Joseph Abbott, Hampstead district, Democrat, chief of division, salary not known; Elijah Hilton, Westminster district, Democrat, clerk, salary not known.

The principal office, outside of Collector of Customs Shaw, Democrat, of Westminster, whose salary is $7,000 per annum, and Deputy Collector Diffenbaugh, Democrat, of Westminster, whose salary is $3,000 per annum, is held by Mr. Samuel Cover, Democrat, of Westminster, who is an appointee of the Secretary of the Treasury, assigned to duty in the customs service in Baltimore, at a salary of $2,000 per annum.

Mr. George A. Shower, Democrat, of Manchester, holds a $900 position in the filing department of Congress, at Washington.

If there are any other Carroll county people holding offices outside of the county we are not aware of it. It will be seen that, notwithstanding the existence of civil service rules, the Democrats are holding the lion's share of the offices.

Republican Conventions.

The Republican State Central Committee met at Dushane Post Hall, Baltimore, on Wednesday, and fixed the date and meeting-place of the Republican state convention.

The date agreed upon is Thursday, August 15th, at noon, and the meeting place is at Cambridge.

The time and place of the judicial convention of the Sixth district, comprising Montgomery and Frederick counties, were also announced. The place is Point of Rocks, and the date Thursday, August 22nd.

The session of the committee was with open doors. The meeting was called to order by Chairman Harry M. Clabaugh, Captain H. Clay Naill occupying the secretary's chair.

The calling of primaries and county conventions was left to the members of the committee in the counties and legislative districts. In the counties two weeks' notice must be given through advertisement in local papers, or ten days' notice by hand-bills. Ten days' notice is prescribed for Baltimore city.

The following resolution, offered by Hon. Henry Stockbridge, and adopted by the committee, is indicative of an active and energetic campaign:

"*Resolved*, That headquarters on the part of this committee be forthwith established and opened in the city of Baltimore, and that the chairman, secretary and treasurer of this committee be, and they are hereby, appointed as a committee to carry this resolution into effect."

George Mantz, a fireman on the Potomac Valley division of the Western Md. Railroad, was knocked out of the cab by a collision of the engine with a hand car on Friday of last week, and thrown down a fifty-foot embankment. He fell on a derrick and received severe, but not fatal injuries.

Geo. E. Waesche, son of L. R. Waesche, of Thurmont, in a class of thirty-seven has received the free scholarship prize at Cornell University, entitling him to a post-graduate course at that institution.

Republican League Convention.

The annual convention of the League of Republican Clubs of this State was held at Lyceum Theatre, Baltimore, on Tuesday, and was followed, at night, by a grand mass-meeting at which stirring and able addresses were delivered by Ex-Congressman Butterworth, of Ohio, and Congressman McKee, of Indiana. The convention elected delegates to the National League Convention, and adopted the following resolutions:

TO THE PEOPLE OF MARYLAND:

The Republican League of Maryland, in state convention assembled, congratulates the people of our state upon the glorious victory in the congressional elections last fall in this state and in the nation. Especially do we record with satisfaction the fact that you went to the polls in November last in numbers never before equaled in any year except that of a presidential election, and there declared by a majority of nearly three thousand your concurrence in the condemnation which the country visited upon the Democratic party's management of national affairs. Another electoral campaign is about to open. Upon its result will depend a seat in the Senate of the United States for six years, the control of the state government in some of its branches for four years, and in others for two years, and the management of the municipal affairs of the city of Baltimore until November, 1897. The whole body of the Republican voters of the state or city of Baltimore, as the case may be, represented in their properly called conventions alone, have the right to pledge the future action of the party upon the issues of national, state and municipal politics. This League, however, can with propriety congratulate you upon your part in taking away from the national Democratic party its power to further injure the industries of the people by legislative action or by the menace thereof.

The final adjournment of the Fifty-third Congress has already been followed by an improvement in business conditions. That improvement is likely to continue and become more and more pronounced as it daily becomes more and more certain that in the elections of 1896 the control of all branches of the federal government will be restored to the Republican party. Under such control adequate revenues for the payment of the necessary expenses of the government and the discharge of the national debt, increased by Democratic incompetency, will be provided, and the taxes necessary to produce them will be so levied as to afford adequate protection to American industries.

The fact that this country is one of the greatest producers of silver will not be lost sight of by the sagacious and practical statesmen of the Republican party. They will do all that can be done by diplomatic negotiations and domestic legislation to create a demand for one of the chief products of a great and growing section of the country, and to maintain its place in our currency consistent with the maintenance of the public faith and the stability of commercial relations. We hold that the party which maintained the credit of the Union in every emergency, which drove out of existence the wild-cat issues of state banks, and, in spite of the opposition of the major-part of the Democratic party, compelled the resumption of specie payments, which easily maintained the equal value of every gold, silver and paper dollar in our currency, will do nothing which will permit the circulation in any corner of the land of any dollar which will not pass current for its face value in every market of the world.

In state affairs the Democratic organization has shown the same lack of ability so signally displayed in the wider field of national politics. It has repeatedly promised the people a reassessment of property, and has as often broken its promise. For the enactment of a wise, just and statesmanlike measure, for the equalization of the burdens of taxation, the people will have to wait until the government of this state shall pass into the hands others than those which have held it for the last twenty-eight years.

A Republican legislature of Maryland will give to the people of Baltimore the opportunity to reduce the cost and improve the efficiency of their municipal civil service, which the Republican legislature of Illinois has recently given the people of Chicago.

Whenever the Republican party obtains the power so to do, it will restore to the counties of Maryland the control of their own local government and the machinery of their elections, of which they have been deprived by Democratic legislation.

It has long been a blot upon the fair name of this State, that in every discussion of the prospects of an election it has been necessary to consider the probable magnitude of the frauds which will be perpetrated in the registration offices or at the polls. A Republican General Assembly of Maryland will follow the example of the Republican legislature in New York, and will give to each of the two great parties equal representation in every registration office and polling room throughout the state.

In the confident belief that the people of this state are determined to secure for themselves these great reforms, the Republican League of Maryland urges upon all good citizens to unite together in their respective neighborhoods in clubs and associations, pledged to aid in the election of a Republican governor and a Republican legislature.

Gen. Stewart L. Woodford, of New York, has been appointed chairman of the committee to take charge of the Marylanders who will go to that city, August 27th, to unveil the monument to the heroic soldiers of the Old Maryland Line who fell at the battle of Long Island, and to whose gallantry was largely due the escape of Washington's army from capture by the British forces.

Mrs. Maria Wilson Devries, wife of Mr. Christian Devries, president of the Bank of Baltimore, died at her home, No 815 North Charles street, Baltimore, on Tuesday, aged 56 years.

Port Tobacco loses the county seat of Charles county, which will be removed to La Plata, the people of the county having voted to that effect by a majority of 361.

Mrs. Mary Motter, widow of the late Isaac Motter, of Washington county, died at "Cloverton," her home, near Williamsport, on Saturday last, aged 81 years.

The Lutheran General Synod.

The General Synod of the Evangelical Lutheran Church in the United States convened in biennial session at Hagerstown, on Wednesday evening, at which time the retiring president, Rev. Chas. S. Albert, D. D., of Philadelphia, preached the synodical sermon. The business sessions began on Thursday morning.

The following officers were elected: President, Prof. H. L. Baugher, D. D., LL. D., of Gettysburg, receiving 100 votes out of a total of 185; secretary, Rev. Dr. William S. Freas, of York, Pa., re-elected, receiving 137 votes out of 180; treasurer, Mr. Louis Manss, of Cincinnati, re-elected, receiving 173 votes out of 176. A number of scattering and complimentary votes were cast.

The newly elected president was born at Gettysburg, Pa., August 6, 1840, and is a son of the former President Baugher, of Pennsylvania College. He taught at Uniontown, this county, and in Washington city, and was for a time in the sergeant-at-arms' office, House of Representatives, Washington. He was pastor of churches at Wheeling, Norristown, Indianapolis and Omaha. He is now professor of Greek in Pennsylvania College, Gettysburg.

The General Synod is one of the most important Lutheran bodies in the United States, as it represents 25 synods, 1,505 congregations and 1,127 ministers, with 180,200 communicant members. There are in the United States 5,554 Lutheran ministers, with 9,366 congregations, and a membership of 1,330,422 communicants. This general synod consists of about 250 delegates, of which 112 are clerical and 112 lay delegates, and about 25 secretaries of boards and other officers and members of the standing committees of the church.

State Teachers' Association.

The annual meeting of the Maryland State Teachers' Association will be held at the Blue Mountain House, on the Western Md. Railroad, July 9th, 10th and 11th, and, for the benefit of teachers who may desire to be present, we are requested to state that the manager of the hotel, Mr. J. P. Shannon, will entertain the members at the following reduced rates: Two persons in one room, $2 00 per day each; one person to a room, $2.50 per day, with the privilege of remaining a week on those terms.

Card orders may be obtained from the treasurers of county school boards entitling the bearers to reduced rates on most of the railroads in Maryland. The Eastern Shore Railroad will issue tickets at two-thirds fare, without card orders.

Upon payment of annual dues, 50 cents, membership tickets, which are necessary to secure the above mentioned advantages, may be obtained from Mr. Albert F. Wilkerson, recording secretary, No. 1712 West Lombard street, Baltimore.

The Progressive Brethren Churches of Maryland, Virginia and West Virginia, in session at St. James' College, on Monday, adopted a resolution asking the national convention of 1895 to select five delegates, representing the five geographical divisions of the United States, to meet in joint conference a committee of like number to be appointed at the annual meeting of the German Baptist Brethren for the purpose of considering an organic union of the two denominations.

Zepp. The latter part of the week they went to Hampstead where they intend to remain until June 15th.

A NEW ART EDITOR.

William Martin Johnson, who illustrated the "Garfield" edition of "Ben Hur" for the Harpers, and also their editions of "The Cloister and the Hearth" and "Hypatia," becomes the art editor of the Ladies' Home Journal on June 1st, leaving New York to reside permanently in Philadelphia. Mr. Barton Cheyney, a clever newspaper man who has been attached to the press of Delaware and Pennsylvania, is also added to the Journal's editorial staff as one of Mr. Bok's principal associates.

The June Harper's contains an article by Julian Ralph on "House-Boating in China"—the first of several articles giving interesting and instructive views of Oriental life. "By choosing the best part of the empire," says Mr. Ralph, "by carrying a large stock of that good-nature which works the greatest magic with the Chinese, and by being properly counselled, I enjoyed the most delightful of all my journeys—one so completely delightful that I do not hesitate to recommend it to the great army of globe-trotters, even to the most fastidious ladies and the tenderest children among them."

NEW YORK FASHION LETTER.

Madame la Mode showers so many artistic novel designs and shades of colors on the new cotton fabrics that it will not be the fault of her toilette if the summer girl is not a picture this season.

The new cottons are not only exquisite in ornament and elegant in effect, but they are, what is most desirable of all, inexpensive, and when made up according to the latest caprice of la Mode, they are dreams of beauty and daintiness. Lovely creped challies come in a variety of Dresden effects. Sometimes the whole gown is scattered with exquisite blossoms or ornamented with a charming Dresden border.

One cannot imagine the fascinating and fairylike effect of the new flowered lawns trimmed with gauze Pompadour ribbons combined with embroidery or lace. One beautiful imported grown of green organdie is so exactly the shade of June grass that with the perfectly colored wild flowers scattered over it, the effect brought to the mind is a vision of fresh country fields with bright blossoms. The very full paysanne skirt is made over a foundation slip of pale violet silk. A black gauze ribbon painted with butter-cups and tied in knots at intervals borders the bottom of the dress. The corsage is trimmed in fichu effect with delicate mull embroidery and the same butter cup ribbon.

As for points of information concerning street gowns, the drooping waists, large sleeves and full skirts increase in popularity.

Modistes from Paris bring skirts very wide, but less stiffened than formerly. The average width is five or six yards at the foot and close fitting about the hips. Those like the design on first page of "La Mode de Paris" for June are specially popular.

An exquisite little summer gown is illustrated in the Paris Fashion Letter of the "Paris Album of Fashion." The most charming and picturesque group of children's summer costumes and dainty little bonnets are seen in "La Mode." The very toilette on the cover of the "French Dressmaker" is a poem in itself. All the above mentioned journals are published by the well-known house of A. McDowell & Co., 4 West 14th street.

"La Mode de Paris" and "Paris Album of Fashion" cost $3.50 each for a year's subscription or 35 cents a copy; "The French Dressmaker" is $3.00 per annum, or 30 cents a copy; and "La Mode" is $1.50 a year, or 15 cts. a copy. If you are unable to procure either of these journals from your newsdealer do not take any substitute, but apply by mail to Messrs. A. McDowell & Co., 4 West 14th street, New York.

THE CENTURY
IN 1895.

Taking advantage of the general revival of interest in the Great Emperor, The Century will print during 1895

A NEW LIFE OF NAPOLEON, MAGNIFICENTLY ILLUSTRATED.

The Century is famous for its great historical serials, and never in its history has a greater one been projected than this new "Life of Napoleon," written by Prof. William M. Sloane, of Princeton, who has spent many years in preparation for his work. Thus far no biography of "the man of destiny" has appeared in either English or French that is free from rancor and attentive to the laws of historical criticism. The Century has secured it—the great, all-round, complete and interesting history of the life of one of the most marvelous of men. No matter how much you already know of Napoleon, you will want to read this;—here is the concentration of all the lives and memoirs. The illustrations will be magnificent—the wealth of the Century's art department will be lavished upon them. Two members of the staff have just returned from Paris, where they have been securing all that is best of Napoleonic material. New portraits will be printed, great historical paintings reproduced, and Castaigne and other modern artists have drawn anew some of the great scenes of Napoleon's life of this history.

In addition to this there will be

A NEW NOVEL BY MARION CRAWFORD.

The title is "Casa Braccio," and it is a romance of Italy, full of human passion and exciting episode.

A NEW NOVEL BY MRS. BURTON HARRISON

will be published during the year. It is called "An Errant Wooing," and is a tale of wandering (and love) among new scenes of travel in Northern Africa and Southern Spain.

OTHER FEATURES

will be several familiar papers on "Washington in Lincoln's Time," by Noah Brooks, who was on terms of unusual intimacy with the War President; "The Cathedrals of France" by Mrs. Schuyler Van Rensselaer, with illustrations by Joseph Pennell. Many more serials will be announced later.

RUDYARD KIPLING.

contributes his First American Story to the December number of The Century.

THE PRICE

of The Century is $4.00 a year. "No home is complete without it." Begin subscriptions with November number. Whatever other magazines you may take, you must have The Century. All agents and dealers take subscriptions, or remittance may be made directly to

Harper's Magazine
IN 1895.

The Simpletons, a new novel by Thomas Hardy, will be begun in the December Number, 1894, and continued to November, 1895. Whoever may be one's favorite among English novelists, it will be conceded by all critics that Thomas Hardy stands foremost as a master artist in fiction, and the Simpletons may be expected to arouse enthusiasm not inferior in degree to that which has marked Trilby—the most successful story of the year. Another leading feature will be the Personal Recollections of Joan of Arc, by the Sieur Louis de Conte, Her Page and Secretary, under which guise the most popular of living American magazine writers will present the story of the Maid of Orleans. In the January Number will appear a profusely illustrated paper on Charleston and the Carolinas, the first of a series of Southern Papers.

Northern Africa is attracting more attention than at any other time since it was the seat of empires. The next volume of HARPER'S MAGAZINE will contain four illustrated articles on this region, and three of them will depict the present life there. Julian Ralph will prepare for the MAGAZINE a series of eight stories, depicting typical phases of Chinese Life and Manners. Besides the long stories, there will begin in the January Number the first chapters of A Three-Part Novelette, by Richard Harding Davis—the longest work yet attempted by this writer. Complete short stories by popular writers will continue to be a feature of the MAGAZINE.

Send for Illustrated Prospectus.

The Volumes of the Magazine begin with the Numbers for June and December of each year. When no time is mentioned, subscriptions will begin with the Number current at the time of receipt of order. Cloth cases, for binding, 50 cents each—by mail, postpaid. Title-page and Index sent on application.

Remittances should be made by Post-office Money Order or Draft, to avoid chance of loss.
