as to the orders given to A. P. we could not send the Beer at the time they wanted it as it would interfere with our Summer trade this you know we cannot give up — I am glad I got your Letter — as I did not intend to charge Mr Holmes more than $7 p Barrel — Carriage included — I have sent him 16 Barrels, so that I make $8 — from your information — when I have the pleasure of seeing you we shall have a glass of Drink home for your share of this profit —

In respect to Mr Jones I have no expectation of making any other Bargain with him — than a fair exchange — and I question if that could be got round — the Yesterday and to the Land — what temper he may return in I know not — If I could get a good partner with Money to enable me to Carry on my business I never would dispose of this property — with love to all the Family I remain Dear Sir in haste

Your ever Aff.t
