American Sentinel.

WESTMINSTER, MARYLAND.

W. L. W. Seabrook - Editor.

Entered at the Postoffice at Westminster, Md., as Second-class matter.

SATURDAY, JULY 18, 1895.

REPUBLICAN CENTRAL COMMITTEE.

The members of the Republican Central Commitee for Carroll County are respectfully requested to meet

ON MONDAY, JULY 22nd, 1895,

at 10.30 o'clock, A. M., at

ODD FELLOWS' HALL. A full attendance is desired. By order,

JNO. H. MITTEN, Sec'y.

What has become of the anti-Gorman sentiment so rife in this county a year ago?

The Baltimore *Sun* of Wednesday says: "In an interview with Governor Brown yesterday the Governor stated explicity that he is not a candidate for re-election, though many people have seemed to consider him in that light.

The *Advocate* seems to have lost interest in the silver question. Perhaps Secretary Carlisle's recast of John Sherman's speeches on the subject has had a convincing effect on the editorial mind, or the Kentucky resolutions have taken the wind out of the silver men's sails.

State Senator John Walter Smith, of Worcester county, appears to be the coming man for the Democratic nomination for Governor. It is said that the party autocrat has finally decided in his favor. He is in thorough accord with the party managers.

That excess of receipts over expenditures by the Treasury Department, during the month of June, was about as evanescent as the passing cloud or morning dew. July is not yet two week's old, yet a deficiency of many millions appears. It is not only the real July deficiency, but is supplemented by the amount which should properly have been made to appear in June, and which would have made the full deficiency of the fiscal year approximate fifty millions instead of forty-three millions, as shown by juggling with the figures. The actual shortage for the first nine days of July was $10,640,592.63.

The Democratic County Central Committee, for Carroll county, met in this city on Monday and fixed Saturday, 20th inst., as the date of the primaries, and Monday, 22nd, as the date of the county convention to elect delegates to the Democratic Gubernatorial convention, which will meet in Baltimore on Wednesday, 31st inst. As far as could be ascertained there was little interchange of opinion among the members of the committee as to the probable preference of the Democrats of the county for a Gubernatorial nominee. In fact, it is impossible to ascertain whether there is any such preference. No better reason appears assignable for this condition than the suggestion that all hands are awaiting the word from the managers. And such is Democracy, or the rule of the people. What a travesty of the word.

The advance in the price of the iron ingots from which the plates for tinning are rolled is imperiling the infant tin-plate industry of this country. No advance in this material has taken place abroad, and hence the cost of producing tin plates in Wales has not increased, as it has in America. The protection afforded the tin-plate industry by the McKinley tariff law was destroyed by the passage of the Gorman law and the mills may perish with it. If that untoward fate befall this great enterprise, as is feared, it will only furnish another evidence of the baneful effect of the unequal and dishonest character of the mongrel tariff enacted by the last Congress. Protection for the Sugar Trust, but death to the tin industry are prominent features of the scheme of "perfidy and dishonor" wrought by this unworthy measure.

A Grave Wrong to Be Corrected.

The attention of the County Commissioners and Supervisors of Election in this county is respectfully directed to a matter, in connection with the polling of the votes of the electers, which constitutes a serious obstacle in the way of casting a secret ballot, according to the ostensible design of the election law.

It will be remembered that, shortly after the election of 1893, complaint was made through the columns of the SENTINEL that certain persons had deliberately kept a list of the voters who "cut" their tickets at the New Windsor polls. One of the gentlemen who watched the voters in the booths and noted whether they made more than one mark on their ballots, subsequently acknowledged the fact to the writer and justified the act upon the ground that he did it to demonstrate that the new method of voting was unsatisfactory and afforded no protection to the voter.

Where a single candidate is to be voted for the booths provided amply protect the voter against outside scrutiny, but, when the ballot contains the names of a number of candidates of each party, there is no difficulty in detecting whether the elector votes the full ticket of one of the parties, or selects candidates from each. He can be distinctly seen by the challengers in the polling room, while preparing his ballot in the booth, and if he makes more than one mark on the ballot the fact at once informs the parties, who may be watching him, that he is "cutting" his ticket. By this means, to a certain extent, the right of secrecy in casting his ballot, is destroyed. Precisely what candidates he scratches, or whom he substitutes in their places, cannot be seen, but the fact that he has not voted the full ticket of his party is made apparent.

The objectionable features of such a condition scarcely need recital, but may be summed up in a word: the freedom of the voter, in casting his ballot, to do as he wills without espionage from any source, is subverted and destroyed. The law evidently contemplates otherwise, but by arrangement of the polling-booths in this county its purpose is defeated.

Now, it becomes the duty of somebody to apply the corrective to this wrong. It will require a small outlay to accomplish that purpose and the money must be provided by the County Commissioners. Whether they are directly chargeable with the duty of having the necessary change made in the polling places, we are unable to say. If not, the duty falls on the Supervisors of Election. For that reason the attention of both boards is directed to the subject. We trust they will remedy the defect here pointed out and protect the voters in their legal and moral rights. Probably nothing more will be required than the placing of a light, inexpensive curtain before each booth that will shield the voter from public view while preparing his ballot. Without this protection the booths, the ballot clerks and all the other additional paraphernalia employed under the existing voting system, are worse than useless—nay the whole system is a snare, a delusion and a fraud upon the people.

Gentlemen of the boards mentioned, correct this wrong and let us have an honest secret ballot at the next election.

Shrewdness of the Managers.

If it be true, as reported, that Senator Bennett is the choice of both factions of the Democratic party in this county, for the pending senatorial nomination, it is only another evidence of the remarkable astuteness of the managers. The unqualified endorsement of the senator by the *Advocate* gives color to the prevalent rumor that he is to be tendered the nomination without opposition. Certainly his is the only name publicly suggested in that connection.

Now, Senator Bennett has never been backward in declaring his utter hostility to everything that savors of Gormanism. Publicly and privately he has been an anti-ring man. He lent his powerful influence last year to compass the defeat of the regulars at the primaries and gave the young Democrats the victory which they used to denounce Gormanism and Gorman methods in unmeasured terms.

In view of the fact stated he can scarcely be a favorite of the managers, and it may occasion surprise if they not only withhold opposition to his return to the senate for a third term, but actually make him their choice for that position. It need not do so. In a mild way, history is repeating itself—the history of boss domination in the Democratic party of this State.

Other prominent citizens of Carroll county and elsewhere in the State—men of ability and influence—who once bitterly antagonized the party rulers, have had their opposition neutralized, or have become active lieutenants, by receiving the support of the managers for political preferment.

It isn't so many years since Hon. John K. Cowen declared that under the domination of the party bosses he felt as if the foot of an unclean beast were on his neck; but Mr. Cowen was the ring candidate for Congress in the Fourth District of Maryland last year, and, while he may have been elected by a small margin, there is no doubt that part of his majority was due to the very methods he previously so bitterly denounced. The heart was taken out of his hostility to ringism by the support he received from the ring.

Among the shrewd methods of the ring none has been shrewder than the neutralizing of opposition or the winning of the friendship of opponents by making them objects of preference.

It remains to be seen what success will attend the scheme in Senator Bennett's case. He has been very bold and determined in his public course and has never swerved from his chosen path in the discharge of public and official duties. The managers are too shrewd to ask him to do so now. To lay him under obligations for unsought honor is sufficient to begin with, while the ultimate effect can be hopefully anticipated. Perhaps, however, in his case, it may never be realized.

Only a Partial Revival.

The industrial revival in this country is only such as was anticipated from the overwhelming defeat of the Democratic party last fall and the retirement of a mischief-producing and industry-wrecking Democratic Congress. It is not, by a long stretch, a return to the busy, prosperous condition of real protection times. Comparatively few of those whose wages have been increased are back to the old standard that prevailed in 1892, prior to the Presidential election. Probably not many more than one-tenth of those engaged in manufacturing labor have had their wages increased, at all, since the sharp decline that followed Democratic return to supremacy in the Government. Every new case of increase is paraded in the Democratic press and the most made of it, but all the facts conspire to indicate that the removal of fear of further Democratic mischief is the prime cause of whatever of revival in industry has taken place, and that only will the return of the full measure of prosperity be realized when the Republicans shall again be invested with authority to readjust the tariff on an equitable protection basis, without the favoritism which marks the "bill of barter and sale" enacted by the last Congress.

The eastern water shed of the Rocky Mountains was swept by a terrific wind and rain storm, which commenced on Thursday of last week and continued three days, without unabated fury. The storm was most violent in Missouri, Kansas and part of Nebraska, Iowa, Texas and Arkansas. Several towns were well nigh swept away by storm and flood. Winona, Missouri, seems to have suffered most severely, but Baxter Springs, Kansas, was also badly wrecked. Altogether nearly fifty lives were lost, and the damage done to crops and to property generally is reckoned by millions of dollars.

Mr. Charles L. Busby, of McSherrystown, Pa., has reduced the wages of the cigar makers in his employ from $6, to $5.50 per thousand. He says he cannot afford to pay more. A strike has been the result and work in Mr. Busby's factory has been entirely suspended, as he has been unable to employ non-union men to take the place of the strikers.

Mr. Jacob S. Gelwicks, aged 82 years, died at his home in Emmittsburg on Tuesday night. He was a charter member of Massasoit Lodge, I. O. R. M. Five sons and a daughter survive him.

State Teachers' Association.

Prof. James A. Diffenbaugh, of this city, responded to the address of welcome by Col. Buchanan Schley, to the members of the State Teachers' Association at Blue Mountain House, on Tuesday. He spoke of the purpose of the assembly, and how cultured and conscientious men and women devote their best years and energies to the welfare of mankind for a mere pittance. Then branching off into the real work of the teacher, he said: "The supreme test of real work must always be, what results? If we were to look only at material proofs of advancement and prosperity, it would be easy to make an exhibit in dollars and cents, which would flatter the present and leave but a sorry showing for the past." He then dwelt upon the generousity of the taxpaying public, and the magnificent institutions that had been reared through their instrumentality; but he claimed that progress or values in education cannot be measured by these alone. "Success in education," he said, "is not a question of house and apparatus, but a question of powers awakened and developed. Buildings, and even books, may utterly fail; but right, honest thought, enforced by earnest, upright, scholarly men and women, will never fail to make any school system a power in any land. Tried by this severe standard, our public school system can justify its existence and safely rest upon its good work."

He then dwelt upon the influences of education, whose crowned contributions are a new political system and the moral forces engendered thereby, which recognize enlightened public opinion as sovereign, the equality of man, his right and his power of self-government.

"The Schools," continued he, "will find their best bulwarks of defence, and their best inspiration for service, in the confidence and support of the people. We must not forget that our race is not yet thoroughly harmonized in feeling, exalted in purpose, or convergent in effort, and that the contest of man with himself is still before us.

The two largest delegations at the meeting were those of Carroll and Caroline counties, each of which numbered eighteen. The Carroll delegation was composed of Prof. James A. Diffenbaugh, former examiner; Prof. George A. Davis, examiner; Mr. Orlando Reese, assistant; Mrs. Reese, Mr. Jacob H. Blocher, commissioner; Prof. Simpson, W. M. College; Mrs. Simpson, Levi D. Reid, Prof. Edward Reisler, Miss Reisler, Misses Ida Diffenbaugh, Katie M. Smith, Virginia Reese, Carrie Mourer, Lillian Trayer and Edna Erb; Mrs. Jennie Smith, of New Windsor, and Mr. John H. Cunningham. The sessions of the convention were unusually pleasant, and all had a good time.

Prof. Charles F. Raddatz, of Baltimore City College, was made president, and Hon. E. B. Prettyman, State Superintendent, chairman of the executive committee.

A terrible accident occured at three o'clock Tuesday morning at Craig's Road Station, on the Grand Trunk Railway, about fourteen miles west of Lewis, Canada. A very large pilgrimage from Sherbrook, Windsor Mills and Richmond had left the latter town about ten o'clock Monday evening for the shrine of St. Ann de Beaupre. There were two sections of the train, one running a few minutes behind the other. The first section was standing at the Craig's Road Station taking water, when the second section, passing the semaphore, dashed into the rear Pullman coach of the first section, crushing it. The Pullman coach was telescoped into the first-class cars of the first section, killing a number of passengers riding in them. The total number killed is thirteen and the injured twenty-seven.

The store at Woodstock, Howard county, in which the village postoffice is kept, was robbed last Monday night of a small amount of money and a lot of postage stamps. David Donover & Bro. keep the store. Entrance was effected through one of the windows. The money-drawer and a box in which the stamps were kept were found on Tuesday morning in an empty freight car standing on the local siding of the Baltimore and Ohio Railroad. A colored man who left Woodstock the same morning on a freight train was arrested and lodged in jail at Ellicott city.

The building of the Waynesboro canning factory, at Waynesboro, Pa., was destroyed by fire on Sunday evening last. The fire was beyond control before the fire department reached the scene and the fire entailed a loss of $8,000 on the building, stock and machinery. The building was insured for $2,000 and the stock for $3,500. Cars to the value of $3,500, belonging to the W. Md. R. R., were destroyed. The fire was probably caused by incendiaries.

By withholding payment of large sums due by the government the Treasury Department managed to show a margin of several millions of dollars of receipts over expenditures during the month of June; but with all this the deficit for the fiscal year reached nearly forty-three millions of dollars. That deficit can only be lessened by increasing importations of foreign goods and shutting out American producers from the home market to that extent.

Fully 100 people were injured very seriously, by the collapse of a building at Atlantic City, Wednesday night. Atlantic City Lodge was giving a social to visiting Elks, when the building, which had not been used before for several years, suddenly collapsed and a thousand people were thrown to the floor beneath, on which there were about two hundred persons. Mr. Edward Noel, brother of Miss Kitty Noel, of this city, was in the wreck, but escaped injury.

Joseph Wagner, a young married man, who was tenant on the farm of Mr. Clay Fulton, at Woodsboro, Frederick county, committed suicide on Tuesday, by hanging. His wife found his lifeless body suspended from a beam in the feeding room, during the afternoon. Financial embarrassment is given as the cause of the act. Mr. Wagner was twenty-five years old.

The convention of the National Educational Association, at Denver, elected N. C. Dougherty, of Illinois, president. Prof. E. B. Prettyman was elected director for Maryland. Several addresses were delivered.

The trial of Mrs. Farrall, at La Plata, Charles county, for the murder of her husband, Frederick Farrall, by poison, is approaching its conclusion, and a verdict will probably be rendered to-day. While the State, according to the published testimony, made a strong case against the accused, the prevaient opinion at La Plata seems to be that she will be acquitted.

A third daughter was born to President Cleveland, at Gray Gables, on Sunday last. It has been stated by many newspapers that the other two are aged, respectively, four and two years. Ruth, the eldest, was born during the President's former term and cannot be much less than six years old.

Mrs. Elizabeth Randall, widow of the late Hon. Alexander Randall, died at her home in Annapolis on Tuesday, aged about seventy years. Her husband was at one time a member of Congress, and from 1864 to 1867 was Attorney General of Maryland.

On Monday Sheriff Bruce Zeller arrested Mancah Metz, a prominent and wealthy resident of Smithburg, Washington county, on a charge that Mr. Metz on Saturday morning, June 27, criminally assaulted little Mary, eight-year-old daughter of John Weller.

The International convention of the Y. P. C. E. Societies, now in session in Boston, Mass., has selected San Francisco, Cal., as the place of meeting in 1897.

The Supreme Lodge of the Knights of Pythias, in session at Detroit, Mich., has decided to meet in Baltimore in 1897.

Reports from the Nortwestern States indicate a bountiful grain harvest. Harvesters are needed.

MARRIED.

Near Denning's, July 4th, 1895, by Elder Wm. H. Franklin, Mr. Nathan Bair to Miss Annie Elliott, both of this county.

On June 26th, 1895, by Rev. W. G. Minnick, Mr. Harry I. Wolff to Miss Dora A. Shriver, both of this county.

DIED.

Obituaries, poetry and resolutions of regret on deaths charged for at the rate of five cents per line. The regular death notices published gratuitously.

Near Gamber, June 29th, 1895, Israel T. Parrish, aged 36 years, 4 months and 1 day.

Near Dennings, July 21st, 1895, Beulah M., youngest daughter of Ulysses K. and Ella Haines, aged 1 year, 4 months and 21 days.

Near Union Bridge, July 1st, 1895, Mrs. Daniel Lightner, in the 50th year of her age.

NEW ADVERTISEMENTS.

Dr. J. Harry Gardner.

The President and Directors have this day declared a semi-annual dividend of

FOUR AND A HALF (4½) PER CENT.

on the Capital Stock of this Bank, clear of State taxes, payable on and after July 10th, 1895. Baltimore city and county taxes will be deducted from the dividend.

ju-6-3t GEO. R. GEHR, Cashier.

Dr. J. W. Helm, Surgeon Dentist,

(Graduate of Md. University, Baltimore),

New Windsor, Carroll County, Md.

OFFERS his professional services to the Public in all its branches. He will visit TANEYTOWN—on the 1st Wednesday of each month.

Nitrous Oxide Gas administered.

A liberal share of public patronage solicited Respectfully,

jy-20 1y J. W. HELM, D. D. S.

Commissioners' Notice.

THE County Commissioners of Carroll county will meet at their Office, in Westminster, on the FIRST MONDAY and TUESDAY, and THIRD MONDAY of JULY, 1895, for the transaction of business.

By order, JOHN J. REESE,
ju-22-1m Clerk.

GRAND REDUCTION

—OF—

SPRING and SUMMER GOODS,

—AT—

OAK HALL.

NEW WINDSOR, MD.

TO BEGIN JUNE 1st AND CONTINUE 60 DAYS. Our entire Stock of

DRESS GOODS

to be cut regardless of cost.

50 SUITS OF CLOTHES

to be offered at $5.00, reduced from $8.00 and $10.00. Jobs will be offered in

SHOES AND HATS.

3,000 Yards of BEST CALICO

to be sold at 5 cents. Shallies as low as 3 cts. Prince's Ducks, 8 cents and 10 cents.

We intend to give our entire stock an overhauling, and our customers may expect to

RECEIVE RARE BARGAINS.

We find our stock very heavy and we have decided to offer the goods to our customers at greatly reduced prices. Don't ask for samples, as we will guarantee you a bargain if you will call. Remember the time is limited to 60 days to give you all a chance. The largest stock in the county to select from. Thanks for past favors, we are always ready to please you. Remember the reputation Oak Hall has. Nothing advertised we cannot show you. Come and see us.

GEORGE C. ANDERS,
ap1-16-95 New Windsor, Md.

We Practice No Deception!

Whoever examines our stock will find it just as represented. We have just received a large

Line of Clothing,

of the best quality and make, of the latest styles, to fit large and small, short, stout, tall and slender people, which we are able to sell at the lowest prices.

SACKS & CO.'S Clothing House,

NEXT TO BABYLON & GILBERT,

W. MAIN ST., - WESTMINSTER, MD.

SPECIAL NOTICE!

Having Remodeled our Mill with the very Latest Improved Machinery, known as the PLANSIFTER SYSTEM,

We are now prepared to manufacture a flour that we

GUARANTEE TO BE EQUAL

to any flour manufactured from winter wheat. Bread made from this system is whiter, sweeter and will stay moist longer than any winter wheat straight grade flour manufactured.

Ask for Engler's Family and Plansifter Flour. Once tried always used.

Highest cash price paid for choice milling wheat.

Feed of all kinds always on hand. Hoping for a liberal share of the public patronage we are respectfully,

S. P. ENGLER & SON,
ap13-1y New Windsor, Md.

FERTILIZER

FOR

FALL CROPS!

FOR FOURTEEN YEARS

we have been doing business at the same place and each year calling attention of farmers to the advantages

OUR FERTILIZER OFFERS.

The fact that for so many years we have been selling the same brands of Fertilizer

SHOULD DEMONSTRATE

to all that they are especially

Adapted to the soil of Carroll county.

So many farmers who use other brands than ours complain of a lack of grass, especially clover. In our goods we have given special attention to the ingredients necessary to produce grass as well as grain. We have the most flattering reports from the late harvest, where our fertilizer was used.

We also offer Special Inducements to Farmers having Rye Straw for sale, if they get Fertilizer from us.

We are down to rock bottom prices this fall and invite you to call on us before purchasing your fall Fertilizer.

Very Respectfully,

N. I. GORSUCH & SON,
Westminster, Md.
