SATURDAY, AUGUST 10, 1895.

The Republican convention on Monday last endorsed Harry M. Clabaugh, Esq., for the Attorney Generalship nomination in a handsome and flattering manner.

The decrease in value of exports of twenty-two leading American products, for the year ended June 30, 1895, was $68,664,819. This is the way the mongrel trust-bargain Gorman tariff bill opens the markets of the world to American producers.

The *Advocate* is better informed now than it was this time last week. Then it said, "the probability is that Carroll's five votes in the Cambridge convention will be cast neither for Lowndes nor Clabaugh. Mr. Clabaugh, it is said, will have to hustle pretty lively to carry his own district."

Mr. Gorman named the Democratic candidate for Governor and his convention obediently recorded his will; but the *Advocate* says Gormanism is not an issue in this campaign. How much further must the great Democratic dictator go in imposing his authority upon the party and its representatives before it will become an issue?

The Republican convention which met in this city, on Monday last, gave voice to the desire of the Republicans of this county for an equitable adjustment of taxation, in language that will admit of no misconstruction. They want every citizen to pay his share of the taxes "according to his actual worth," and declare that "their representatives in the State convention will not vote for the nomination of any candidate whose views on the subject are not in accord with that sentiment."

There is a Democratic revolt in Anne Arundel county. On Tuesday upwards of seventy representative Democrats met in Annapolis and passed resolutions pledging, in no uncertain language, their best efforts to defeat the Gorman ticket recently nominated in that county. It is said that opposition will also extend to the Gubernatorial nominee. A convention will be called, to meet some time in September, for further action. The movement is backed by many of the best known and most reputable Democrats in the county.

A Republican of this city, who is strongly in favor of the nomination of Mr. Wm. T. Malster for Governor, while in Baltimore on Saturday last visited Mr. John E. Hurst, the Democratic candidate, and asked him whether it was true that Hon. Lloyd Lowndes was with him at Annapolis in opposition to an assessment law. The reply was a decided negative. "Mr. Lowndes," said Mr. Hurst, "was not present on the occasion referred to, knew nothing about the visit of the committee, and had nothing whatever to do with it. All stories to the contrary are false."

The clip of American wool for the year ended June 30, 1893, was 364,000,000 pounds; for the year ended June 30, 1895, it was 264,000,000 pounds, a difference of just 100,000,000 pounds and a decrease of about 27½ per cent. At that rate of decrease how long will it take to entirely destroy the American wool industry under free trade in that staple? Importations of foreign wool have increased nearly 150,000,000 pounds and the chances are that well nigh our entire supply will soon be derived from foreign sources.

The election of Mr. Gorman's ticket in November will give the Maryland autocrat an unlimited renewal of his lease of power in the Democratic party in this State. The young Democrats of Carroll county, in the resolutions passed by their convention last year, described in graphic terms the method and manner in which that power was exercised. They now have a splendid opportunity to demonstrate whether their deliverance on that occasion was the sincere expression of genuine conviction. They will certainly be guilty of extreme inconsistency if they vote to perpetuate the condition then so roundly denounced.

Free Silver Democrats.

The silverite Democrats, under the leadership of Hon. Richard P. Bland, ran the State convention of that party in Missouri on Tuesday. A long platform was adopted, but the only subject referred to was the money of the country. This extreme resolution was adopted:

"*Resolved*, That we, the Democratic party of Missouri, in convention assembled, demand the free and unlimited coinage of silver and gold into primary or redemption money, at the rate of 16 to 1, without waiting for the action or approval of any other nation.

Sound money Democrats will find that the only hope of avoiding a debased and depreciated currency lies in the success of the Republican party, which is unalterably opposed to all the dangerous schemes of the inflationists.

The Figures Were Correct.

Referring to the SENTINEL's comments on the large amount of capital authorized by the charter of the projected Gettysburg and Littlestown Electric Railway Company, the Gettysburg *Star and Sentinel* of Tuesday says: "The figures we gave are the official and sworn statement set forth in the Articles of Association. The average amount of stock authorized per mile is $57,692. Add to this the $15,000 per mile in bonds, announced as intended to be issued, and the total debt per mile will be $72,692. These are stiff figures. We notice that in Cincinnati the Electric railway has a debt of $20,000 a mile, the Cleveland $36,458, Pittsburg $44,642, Minneapolis $54,051, Baltimore Traction $61,764, and Providence (R. I.) $65,572. Gettysburg can beat these great cities by $7,000 a mile. But then the theory is that this company will outdo all the others in business, and can therefore afford to beat in indebtedness."

Republican County Convention.

Pursuant to call the Republican convention of Carroll county, to elect five members of the State Central Committee, and to appoint delegates to represent the county in the State nominating convention, to be held at Cambridge, on Thursday, 15th inst., met at Odd Fellows' Hall, Westminster, at 10 o'clock Monday morning, 5th inst. The convention was called to order by the chairman of the county central committee, Mr. Wm. Wood, of Union Bridge, who briefly reviewed the existing political conditions and pointed out the prospect of Republican victory in Carroll county and in the State.

On motion of Mr. Harry M. Clabaugh, Dr. George T. Motter, of Taneytown district, was elected temporary president. Dr. Luther Kemp, of Uniontown district, and Dr. Morris Wooden, of Hampstead district, were appointed temporary secretaries, and each district named a temporary vice-president, as follows:

As there were no contesting delegations a motion was made and adopted that a committee on credentials be dispensed with. All the districts were fully represented by properly accredited delegates, as follows:

A motion was made and carried that a committee of one from each district, on permanent organization and resolutions, be appointed, the several districts to name the members of said committee. The committee was constituted as follows:

Taneytown—Wm. Jesse Roberts.
Uniontown—Thos. H. Routson.
Myers'—Harvey Tagg.
Woolery's—Atlee W. Wampler.
Freedom—T. R. Haight.
Manchester—G. W. J. Everhart.

Mt. Airy—Rodney T. Glissan.

The committee retired and the convention took an informal recess. Upon the return of the committee, the convention was called to order. The committee recommended that the temporary officers be made permanent, and, on motion, the recommendation was unanimously adopted.

The committee through its chairman, W. L. W. Seabrook, submitted the following resolutions, the reading of which was frequently interrupted by applause:

This convention, representing the Republicans of Carroll county, marks, with extreme gratification the improving condition of the industrial and business interests of the country. It cannot be unmindful of the fact that the flood tide of prosperity was reached in 1892; that the tendency toward adversity and the general prostration of business, commerce and manufactures began with the triumph of the Democratic party in that year, and that it ended with the overwhelming defeat of that party in 1894. It fully realizes that a part, only, of that which was lost by the change in the economic policy of the government and the lack of confidence in the ability of the Democratic party to successfully administer the affairs of the nation, has been regained. Confidence has been restored, but the malign effect of bad legislation is still felt.

The public debt, which for a period of more than a quarter of a century was annually diminished, has been increased to the extent of more than two hundred millions of dollars, in less than two years and a half of Democratic supremacy. The revenues, under the laws enacted by a Democratic Congress, are inadequate to meet the expenditures of the government. The wages of labor have been improved by the restoration of confidence and the certainty that further adverse legislation has been averted; but they are still far below the standard that prevailed up to the accession of the Democratic party to power in both the legislative and executive departments of the government.

The Republicans of Carroll county are a unit in their desire for the equalization of the burdens of State and local taxation, which can only be accomplished by a new assessment of property under such a law as will subject every citizen to the payment of his share of the taxes, according to his actual worth. Such an adjustment of the necessary burdens of taxation has been repeatedly pledged by the dominant party, but has been as often denied. The recent state convention of that party repeated the often violated pledge, but the insincerity of the promise is again made apparent by the nomination of a candidate for executive of the State, with the power of veto, who has been a leading and active opponent of reassessment. The Republicans of Carroll county pledge their fealty to an equitable assessment and their representatives in the State convention will not vote for the nomination of any candidate whose views on the subject are not in accord with that sentiment.

The failure of the Democratic party to redeem its pledges in relation to this important question is distinctly traceable to the autocratic system that has thwarted the will of a majority of its members and denied to them the due and proper effect of their opinions and convictions. If, perchance, any of them has attempted to assert the right to the exercise of individual judgment, such action has been stigmatized as base treachery. Under these circumstances the Democratic party of Maryland is made a machine the very antipodes of government by the people.

The Republicans of Carroll county recognize in Harry M. Clabaugh, Esq., a citizen entitled to their confidence and respect and a lawyer eminently worthy their support for the important station of Attorney General of the State; and the delegates elected by this convention are hereby instructed to vote for him, to the end, in the Cambridge convention, and to use all honorable means to place his name on the State ticket in that relation.

The delegates are also hereby instructed to cast the vote of the county in said convention for that eminent citizen of Western Maryland, Hon. Lloyd Lowndes, of Allegany county, as the candidate of the party for Governor of the State.

The resolutions were unanimously adopted and the convention then proceeded to elect five members of the State Central Committee, to serve for the ensuing two years. Messrs. H. M. Clabaugh, Wm. L. W. Seabrook, Wm. Wood, Wm. Y. Frizzell, and Joseph A. Stouffer were placed in nomination and unanimously elected, the secretaries casting the vote by order of the convention.

Mr. Clabaugh then addressed the convention expressing his grateful appreciation of its action in the adoption of the resolution recommending his nomination for the office of Attorney General.

A motion was adopted that the convention elect twenty delegates to the Cambridge convention to cast the five votes of the county in that body, and that Mr. Clabaugh, for whom the delegates were instructed to vote, be authorized to select them and submit their names to the convention for its action. He named the following:

Dr. George T. Motter, Preston B. Englar, of Taneytown district; Lewis F. Reese, Uniontown district; Louis E. Shriver, Myers' district; Alfred T. Buckingham, Woolery's district; Asa Hepner, Freedom district; Charles J. H. Ganter, Geo. P. Panebaker, Manchester district; James S. Baer, Wm. A. Shriver, Jas. W. Beacham, Westminster district; John W. Kelbaugh, Whitfield Stansbury, Hampstead district; Edward A. Zile, Thos. A. Barnes, Franklin district; W. F. Cover, Middleburg district; Frank J. Devilbiss, New Windsor district; J. J. White, Cleveland Anders, Union Bridge district; Walter R. Rudy, Mt. Airy district. These delegates were unanimously confirmed by a vote of the convention.

On motion the convention adjourned.

A great calamity has overtaken the town of Berlin, Worcester county, in this State. Fire broke out on Sunday night and swept over the town, destroying the buildings on an area of six acres, including the largest part of the place. The buildings were chiefly frame structures and burned like tinder. The hand fire engine belonging to the town was entirely inadequate to the emergency and was burned in the street. The principal business houses and many residences were destroyed. The aggregate loss is estimated at $80,000, with an insurance of $24,500. Many persons were made homeless by the catastrophe.

The carriage factory and blacksmith shop of E. Milton Garrett, at Woodsboro, were destroyed by fire on Monday; loss about $2,000.

FERTILIZER For the Farmer.

Reduced in Price,
Quality Maintained.

From 35 to 38 bushels of wheat per acre and a "rousing crop of grass in the bargain," by the use of

Zell's Fertilizers.

For sixteen years I have been selling Zell's Fertilizers and the equally famous Chemical Co. of Canton's Fertilizers, with a steady increasing demand for them. This, with the most flattering testimonials that could here be produced, if we had space, from many of the most progressive farmers in Carroll and adjoining counties, and the much reduced price for which these goods are offered for the season of 1895, should convince the farmers that they cannot do better elsewhere. We will not be undersold by the same quality of goods. I have but little expense in the sale of these Fertilizers and therefore can sell on small margin. Should I not call on you personally, just come, prepared to load your wagon, to the Machinery Building of J. Q. Stitely, Westminster, Md., or to the Warehouse of the subscriber at Union Mills, Md.; or at the Warehouse of Fink & Weikert, Littlestown, Pa.; or at C. Crumrine's, Melrose, Md.
