I will hunt again for it Line — I will send ~~you~~ the Book you request. by return of Miss Binnie — I should be very glad if Poll would consent to live in your Family & should suppose that since the Death of her Husband. it would be more agreeable to her to live among her Children. I spoke to her on the Subject. but she seems not inclined to go & begs you will let her lay her Bones in this part of the World — Old Hay lives in a Cabin to himself. with an old Woman he has picked up — and I conclude it would be a hard matter to remove him —

I have not mentioned to Mr. Scott your proposal — and beg you will excuse my not doing it — that of her signing an instrument of writing similar to the one Mr. J. R. Ray may have given — of his having no title to any of your Lands —

I know very well that Mr. Scott & the late Mrs Ray. Mrs Maynadier's Mother. did both relinquish, in a legal manner — long since, any title they may have had to any of those Lands — & I am satisfied that no Person ~~claim~~ can lawfully claim under either of them —

We are all well & Mr. Scott — Mrs M. Margaret & Eliza, join with me in best respects — to Mrs Binnie — yourself & Family —

yrs truly

A. Maynadier
