As you know I wished for a Partner. This
Day David Eichelberger of this Town told
me he would write to his Brother on the
Subject. a Young Man who has Money and
wishes to Commence in some good business.
you know I stand in need of both. and wish
I could say yes previous to my agreement.
I have now sold 450 Doz and think I
have yet in Hand upward of 900 Doz. But
all Outlook wd not stay nearly I wd. give from
$9 to $10 Week - in short there was no satisfying
him - and he has behaved shamefully old
not any way dishonest. I have not time to
explain - more than he brought an Execution
against me for $100 without ever asking me for
it - altho he well knew I had plenty of
property only give me a little time - please
tell my dear Fanny I should be happy
in seeing her - and if she will come next stage
I will frank her - along with some of your
Daughters -

Mr. Robinson is in Baltimore. I showed him
your Letter. he told me he wd return the
Visitors - your plan for my Friend Worthy
I certainly do think, right for it would be
a thousand pities he should be lost in the
Country - for he is the making of a fine Man
May God bless him -

In respect to our Friend Robinson he says
my title in the subject. ~~is perfect to~~ Byrnes
& from my information I can gain Street
they will come off better than was expected.
No doubt a great loss of time will be the Con-
-sequence before matters will come round to their
satisfaction - When I send next to Fanny I
will put your Name in the Waggon
with love to Mrs Birnie and your Brother &

Yours
