Balt^e 25th March 1818

My dear Sir

I have the pleasure to enclose you $95 the amount of Rent & the Entries subscription (Deducting my Commission a 5 p^r Ct) which he paid me this morning — Interest could be claimed only from the time when he was called on for payment which he states was but a few months ago & the Sum therefore [illegible] if he was only furnish'd with the Extract of the requisition as set forth in writing — The Costs of Suit are charged to me & therefore retained — I have not heard from any of the other parties & think it probable we shall get some more before the regular Course of Litigation is gone through

Hope you are all quite well & my best respects to your family particularly Miss B & Dorothy — Aunt Sally has been ill lately but is quite recovered —

Yrs truly

H. M. Murray

Dear Sir Annapolis March 24th - 1818

As soonas you can make it convenient to transmit the last semi-annual payment due to Mrs. Scott, with the addition of my Chg., to 1st. of this Month of $40 = 00 — for Old Hay & Pole — it will be very acceptable here —

A few Weeks past Mrs. Scott was much indisposed and continued so for several Days — she has recovered again her usual Health and Spirits —

We have experienced here a very bad Winter on our small Grain — indeed the Wheat looks much injured — I have not yet been able to set my Ploughs to work — in a few Days I hope to begin
