Dear Sir — Pipe Creek — May 28th 1818 —

I received your Letter containing a Nat. Bank Note for $20 & a draft on the Branch Bank at Fred. Town for $64 :00 — on acct. of Mrs. Scott — just before I set out from Home on Tuesday last — I have been detained in making my visit to this part of the Country much longer than I expected — owing to my being on the Jury in our County Court — I have not time at present to give you my opinion respecting the mode you mention of selling your Land — but on my return Home I will write to you again — I am clearly of opinion you ought to sell — but the best

Dear Sir York 30th May 1818

I wrote to you some time ago in respect to the price of a Barrel of Flour $11. due by Priestly to Mr Dennott of this Town to which I have found no answer — If in your power I will thank you to get the Money from him — The Season has been so very Cold and wet, it has been greatly against my business, I only sold one load in Columbia this year. please inform Mrs Birnie Mr Scanlan has got the Cap for her — which shall be sent first opportunity — What is my Friend Mr Shock about, no order from him yet — I hope the old Sister is done when I shall supplie him as usual with some most excellent stuff — of which I made a large quantity — as poor Andrew lost a Vat full, I shall be able to send him nearly as much —

Yours

Mr Birnie Esq
