Baltimore June 3rd 1848

Dear Sir,

your kindly promising you would let me have the remainder of my account as soon as possible; induces me to trouble you, tho I have many payments to make, in this & the ensuing week, and I find the expences of the Family exceed the Income. I hope however as my School has rapidly increased that I shall after some little time, be able to avoid many disagreeable feelings I have experienced within the last twelve months. The Ballance was $99.90 — Mr Blifton's account is due on the 9th of this month and I must be prompt. If you can possibly make it convenient to let me have both sums you will much oblige me; My best regards attend your Family Mr Grimshaw & the Girls unite in kind remembrance to you all. the latter are in good health & anticipate much pleasure in embracing all the Family at the ensuing Vacation. Accept again my best wishes and believe me

to remain

your Obliged

E. Grimshaw
