he returns he still intends going which will probably be next Week, I believe he Values your Land at about 20 Dollars p Acre, if you can meet on those Terms, there is some hopes of a bargain, the Comfort you would have on such a place, might add a Dozen of years to your Life. — I have been speaking to some people about the back part of the Farm which you know Mrs. said was inferior to the rest — Wm Johnson says it is one of the finest Farms in the County, & altho' the back part may not be just as rich as what lies next the Creek, it is as good Land as any in the Country, it cannot be expected to be all Bottom Land, Mr Brien told me to day that the Barley is the finest that he ever saw. — Tell the young Ladies that Sally has wrote by Mr Goldsborough & that the Letter remains with him I will go of course when he goes down —

The Demand for Potes rather increases, so that all hands are kept busy. —

Mr Robinson has become special bail for several & find the whole of the Farmers now on my back — and that it is useless to contend any longer — I have consulted with Mr Cassat & Robinson who both agree it is best way to Advertise for a Partner, & should one not offer before the first Monday in August, the Brewery & dwelling House to be sold on first September next, without Mercy there is no Man can Carry on Brewing, unless his Consumption be good — whatever Money I owe you or whatever you have become security for, I wish you could make yourself safe — as we cannot tell how the place may sell and if there is as much as will pay all demands, my mind will be at ease —

I must see and get into some Brewery to support my Family — Barnetz & Walsh are Bottling their Winter Beer — no matter how bad it is — the Dutch will give them a preference — I know this will fret you but we cannot command success —

I shall put my trust in Providence who has delivered & been my Friend Mrs. & and Matilda send their love with mine to all the Family & Am
