Dear Sir Frederick 11th Novem 1818

I rec. your letter & shall attend to its Contents tho' not perhaps exactly in the way pointed out, as it would be next to impossible to consult with Mr L - before he returns from Hagerstown Court every Moment of his Time being so engaged - I have however applyd to a Notary Public who is in the Habit of drawing up these kind of writings, he says such is frequently done & I have made out a List as he says it will be necessary to enumerate the different Articles. — I am glad to find that Lyles will take Charge of family I was in Mr Bayliss yesterday when he accidentally came in & got the Letter. —

I remain Dear Sir
Yours very Sincerely
A Thomson
