Dear Sir,

Philadelphia, Nov. 13 1818

I received yours of the 31st ult., a few days ago, since which Mr. G was paid one hundred Dollars, as mentioned. She desires me to inform you, that agreeably to your request, she intimated to Mr Clifton your expectation of a deduction in consequence of the Miss B. going away before the end of the Quarter. To this he replied, that such a thing was unprecedented, and in his case particularly hard, as he had not been absent a single day during the school season, though at other places many holy-days had been given. Indeed, independent of his objections, you are aware, yourself, that vacations are universally included in the Terms, & whether they fall in the beginning, middle, or end of a quarter, they should be paid for — However, the fact is, that I myself paid Mr C. the full quarter, without one single day's deduction — so that Mr G. is now as much out of pocket as you have retained — This you will of course, when convenient, remit — And be so good as say in your next, did Keagan of Emmetsburg pay his account — I have had no letters from Ireland since my arrival here — Remember me to Worthy — Mr G joins me in affectionate regards to Mrs B. & all the Family —

I Remain Dear Sir
Yours truly
Wm Gunnihan

Dr

Mr. Clifton
Teacher
Mt. St. Mary's
