that, or any further expence I cannot answer for — It perhaps might go as safe wrapp'd up in Carpets or between two Mattrasses or Beds — provided your carrier will take care to keep it from the Wet —

In regard of payment — Hope you can make it not more distant than 60 days — a note at indorsed to make it negotiable as I have now two Scholars who are undecided whether they will take that piano or a new one — and I am always applied to, for hiring — consequently I am not anxious about parting with it except for cash — To you I offer it at $180 at 60 days from the time you give me the order — thereon I shall feel at liberty to dispose of it to the first applicant —

I am, Dear Sir
Your Obd. Servt —
Ar. Clifton

P.S. I forgot to say — I have no new Piano — and I think for the country a 2d hd. one will suit you better — being seasoned — I do not hesitate to say mine is cheap —
