has been several cases of the yellow fever, A number of the Faculty met a few days previous at the Mayors office to Report whether the yale fever was in town or not, they issued a Bulletin, so uncommonly obscure, the citizens were not able to comprehend whether there was any cases or not but it is ascertained to a fact that there is, the Doctors have opened some of their Patients, and found the Stomack and Bowels to be completly putrified and Rotten. In haste

I Remain Dear Sir
Yours Respectfully

Baltimo Augt 6 1819. Robert Harrison
