Dear Father

Fredric Monday

By Thursday's Stage I sent the quicks which I suppose you have before this Mr Carey returned from Hagers Town feeling so very unwell that he took his bed immediately Mrs C also arrived yesterday, he much sooner than she intended, but heard of Mr Carey's being unwell in H Town

As you mentioned to me that what I now spend has to be deducted from my share at the division of the property I would prefer spending the Interest of it if you could arrange matters to suit it, for my three years expenses will be pretty considerable

Saw Mr Poindexter Congress man here to day he has a very penetrating eye suitable to a back woods man & I think a smart man

I am quite of my Diarrhea & on the other back now, for want of exercise. give my love to my Mother & all the family, Mr, Mrs & Mr Harrison think you might have come to see them for you might

Tom & Bernard
