Dear Sir

Annapolis Jan^y - 10th - 1820 -

When I saw you last at Mr. Rugs I mentioned that I believed Mrs. Robinson - who now keeps a boarding house in this Place - would dispose to rent your House - when I ~~[illegible]~~ should leave it - She has informed me lately that the situation of the House will not suit her business - & I am one decline taking it - Mr. Saml Chase - who lives in Baltimore near to Col^l Howards - requested me to apply to you to know if he could have your House, on Rent - after I go out of it next Spring - and would wish to be informed what Rent you would ask for it by the Year - I promised I would write to you on the Subject - Mr. Chase has a Sister and some Relations who live with him, and I understand they are desirous of coming to live in this Town - to be near the Friends they have living here - We have had a severe cold spell of Weather - Given us a good deal of Ice - and as it has just set in to snow again I conclude we shall have more that weather - well for those who have plenty of provision for their stock -

Our Legislature seem to be moving on slowly in their business - no important business done as yet - Mrs. M. - Elina & Miss Bizzie all well & write in best respects to Mrs. Bizzie - yourself & family with

Yrs truly - H. Maynadier -
