Dear Sir

Nancy Town April 12. 1820

Having been in the country since Friday, I did not receive your note until yesterday evening. The Plaintiff is at your service, if it is important to you to see it, but if you could replace it about the middle of May it would be convenient to me to see on my coming.

With regard to Bott, I think it would be well to give notice to Flegal of your claim, altho I do not deem it absolutely necessary as the Record ought to be a sufficient notice of itself.

The amount of Swinehart's claim against Mr. Doppel is $2; 89¾ Cts.

Yrs truly
