Pay Charles — Bearer Brown —

My dear Sir Gettysburg 3. May 1820

I embrace the opportunity of sending by Major Reed to say Mrs. Scanlan still continues poorly. she rests tolerably well at night, rises by times & pretty early in the Morning, eats but very little, and for my part cannot say she is gaining any ground — If we could get her to take a little Exercise in order the Doctor is of opinion it would give relief - but that she cannot nor is she able to take - we have got to our New House, which is both healthy, & pleasantly situated in the West end of the Town, where it will give us much pleasure to see you, or any of the Family

I have ended my last Brewing for this
