WESTMINSTER, MARYLAND.

W. L. W. Seabrook, - Editor.

Entered at the Postoffice at Westminster, Md., as Second-class matter.

SATURDAY, MAY 8, 1897.

The arbitration treaty between the United States and Great Britain, negotiated by Secretary Olney and Sir Julian Pauncefote, was defeated in the Senate on Wednesday, by a vote of 43 for to 26 against. A two-thirds vote was required for its ratification. The division was not at all on party lines. The Republicans furnished the most numerous supporters of the treaty, but seven or eight of them voted against it. Senator Wellington voted for it. Senator Gorman did not vote at all and was not paired. Its most bitter opponents were Democrats. The Populists and Free Silverites were largely in opposition.

It is reported that Gorman has a nice little scheme on hand whereby the Republican forces in this State may be divided and his own return to the United States Senate assured. The plan is nothing less than the resignation of all Democratic officeholders coming under the President's appointment and the inauguration of a struggle among the Republicans for the vacant places and also the subordinate offices open to appointment by the changes. There is just one obstacle in the way of the success of such a movement, and that is the well known fact that Democrats, as a rule, do not relinquish offices as long as they can possibly hold on to them.

The Dingley tariff bill has been reported from the committee to the Senate. In the hands of the committee it has undergone many changes. Many of these were compromises, madeto secure the support of Senators not connected with the Republican party. In some respects the protective features were diminished and increased in others, leaving the measure, however, in the main favorable to protection. The reciprocity section was stricken out, for what reason does not appear, and we hope it will be restored in the Senate. It is unfortunate that the Republicans are in a minority in the Senate, making it impossible to pass a measure that is entirely satisfactory to the party generally and would be promotive of the best interests of the country. The responsibility of defeating such legislation must rest with the Democrats and their Populist and Free Silver allies in the Senate.

Senator Gorman has put his hand on the helm of the Democrat ship in this State and will endeavor to steer her into the harbor of success next November. Dropping metaphor, it is readily seen that Mr. Gorman is to be the master spirit in the conduct of the campaign on the Democratic side and that he will run it in the old time arbitrary manner. He held a conference on Tuesday evening, at the Hotel Rennert, in Baltimore, with State Chairman Talbott, City Chairman Rusk, and half a dozen other well known Democratic politicians, and the outcome was the appointment of a committee of nine, all devoted Gorman men, who will take the conduct of the campaign out of the hands of the City Executive Committee and run it under Mr. Gorman's supervision, in Mr. Gorman's interest. As the people will have something to say about the matter, at the polls, the scheme to re elect him to the Senate may not work.

MORE PROSPERITY.

Under the above caption, with a note of interrogation after it, the *Advocate* serves up to its readers, quite frequently, news of business failures and other events in that line, compiled from New York, Baltimore and Philadelphia newspapers and other sources. The compilation is evidently made for the purpose of discrediting the signs of returning prosperity apparent in many sections of the country. The list published by the *Advocate* last week contained fifteen items of the character designated, about a fair average of its previous compilcations for a single week. At this rate the aggregate in a year would be less than 800, or one for about every 87,500 inhabitants. This would not be very remarkable, even in the most prosperous times, and certainly is not a very appalling indication of adversity.

There have been for several months many cheering evidences of a better condition of things than existed for four years previously. Some of these the *Advocate* might find within the boundaries of the good old commonwealth of Maryland, if it cared to observe them. The following from the Baltimore *Sun*, which it consults for news of business failures, is respectfully commended to its consideration. The date is Tuesday, 4th inst.:

SPARROW'S POINT BOOMING.

The big plant of the Maryland Steel Company started up in all departments yesterday morning, but the rail mill and Bessemer steel mill were compelled to close down soon after on account of an accident. It is expected they will resume operation in about two days.

Just as the rail mill was about to roll the first steel rails produced at Sparrow's Point since January 1, 1894, a section of an immense fly wheel in the mill broke out as the wheel was revolving at a high rate of speed. It went soaring up in the air, tearing a jagged hole through the roof, and in descending tore a hole in the roof of the straightening department of the works. The remaining part of the wheel continued intact. No one was hurt. It is thought the wheel had been affected by the weather during the long idleness of the works. All the other departments of the plant resumed operations without trouble of any kind.

The fires in furnace C were lighted to dry out the furnace, and it is expected the furnace will start up this week. Furnace A of the works was started in December last, and this was followed by the starting up of furnace B on March 12.

The starting up of the works is looked upon by the people of Sparrow's Point as a sign of better times, and for the first time in three years the Point shows signs of great activity. Nearly all the houses on the Point are occupied and hundreds of workmen go to the place from Baltimore each day. In all there are about 3,000 men employed by the company.

Three large business blocks in Pittsburg, Pa., were destroyed by fire on Monday morning, entailing a loss of three millions of dollars.

A temporary frame structure in which a charity bazar or fair was in progress, in the city of Paris, France, on Tuesday afternoon, caught fire and in a few minutes was enveloped in flames. Twelve to eighteen hundred people, mostly women and children, were in the building when the alarm was given, and a wild rush was made for the doors. A scene of indescribable horror ensued, as many were unable to make their exit from the building and were burned to death. A short time elapsed after the fire was discovered before the roof fell in. The shrieks and cries of the perishing were heartrending and terrible. Numbers, of course, were trampled to death, but many met a crueler fate by burning. Many of the victims were among the most prominent members of French society. The total number of deaths will reach two hundred.

The Baltimore *American* of Thursday says: "The organization of the Blue Ridge Dispatch, a new fast-freight line to the west, has been completed, and it will be put in operation within several days, when it is expected to have the tariffs satisfactorily adjusted. The line will be operated over the Western Maryland, Philadelphia and Reading, Central of New Jersey, Norfolk and Western, Chesapeake and Ohio and Louisville, Evansville and St. Louis Railroads. Mr. George S. Costa, of the Philadelphia and Reading Railroad, has been elected general manager, with headquarters at Harrisburg, Pa. The line, as recently stated in the *American*, is intended to give a fast-freight service between Baltimore, Philadelphia, New York and the West.

In the Ellicott City special correspondent of the Baltimore *American* of Wednesday it is stated that the County Commissioners of Howard county have "decided to supply the village of Elkridge with electric lights at the expense of the county. There will be seven arc lights and the cost of maintaining them will be thirty-five cents per night for each light." At that rate each light will cost $127.75 per annum, making an aggregate of $894.25 for the seven lights. No reason is assigned in the correspondence referred to for the extraordinary favor shown to Elkridge by the county authorities.

Capt. Geo. W. Glessner, of Frederick, who served throughout the war against secession, and was a gallant soldier of the 1st Md. Reg't., P. H. B., died at his home in that city, on Thursday, 29th ult., of heart disease, in his 66th year.

The war between the Greeks and Turks must be near its end. The former have been steadily driven back by overwhelming numbers and their cause is utterly hopeless.

The death of Judge Ormond Hammond, Assistant U. S. Treasurer at Baltimore, creates a vacancy in that office. The appointment of a successor to Judge Hammond will not be deferred beyond a week or two.

Kentuckey is now represented in the United States Senate by a Republican, Mr. Deboe, recently elected by the legislature of that State, having taken his seat this week.

THE BEST REMEDY FOR RHEUMATISM.
From the Fairhaven (N. Y.) Register.

Mr. James Rowland of this village, states that for twenty-five years his wife has been a sufferer from rheumatism. A few nights ago she was in such pain that she was nearly crazy. She sent Mr. Rowland for the doctor, but he had read of Chamberlain's Pain Balm and instead of going for the physician he went to the store and secured a bottle of it. His wife did not approve of Mr. Rowland's purchase at first, but nevertheless applied the Balm thoroughly and in an hour's time was able to go to sleep. She now applies it whenever she feels an ache or a pain and finds that it always gives relief. He says that no medicine which she had used ever did her as much good. The 25 and 50 cent sizes for sale by Joseph D. Zepp, Druggist, Westminster, and W. R. Rudy, Mt. Airy.

The ladies of Pleasant Grove Sunday School, Sandyville, will hold their strawberry festival, in the grove adjoining the church, Saturday afternoon and night, June 5th. All are cordially invited.

Ry. here, says: 'I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy for ten years or longer—am never without it in my family. I consider it the best remedy of the kind manufactured. AN OPEN LETTER.

WESTMINSTER, April 10, 1890.

Mr. Jos. B. Boyle:

Dear Sir:—For many years I have suffered intensely, on taking cold, from a very troublesome cough, for which I have used a number of various remedies, and obtained but temporary relief. During the past Spring I was again troubled with the same cough, and through a friend was induced to try your Pectoral Syrup, which not only gave almost intant relief, but a permanent cure. It gives me great pleasure to say that I believe it to be the best remedy I ever used for the purpose for which it is recommended. Hoping that any person afflicted as I was may be fortunate enough to give it a trial, I am,
Truly yours,
EDWARD LYNCH.

For sale by all Druggists and merchants in the county. Price 25 and 50 cents a bottle. Take no other. fe-20-tf

Stewart and Wanamaker.

The late A. T. Stewart—The present John Wanamaker, stand as the great Retail Dry Goods Merchants of the American continent. How did they attain their phenomenal success? What brought them from the lowest round of merchandising to the highest pinacle of fame and fortune? That is the question that is daily asked by innumerable young men entering upon the sea of business.

THEIR ANSWER IS:

Ambition, Energy, Honesty, Work and strict adherence to the following vital business principles.

1. HAVE ONLY ONE PRICE.
2. BE SATISFIED WITH SMALL PROFITS.
3. WHEN YOU ADVERTISE, TELL THE TRUTH.
4. NEVER SPEAK DESPAIRINGLY OF YOUR COMPETITORS.
5. EXERT AN INFLUENCE FOR GOOD OVER YOUR EMPLOYEES.

It is these plain and simple principles that have brought this BIG STORE to its present standard in this community. We trust that a strict adherence to these rules will continue to prosper our store and that we may continue to grow in favor with the purchasing public.

STORE NEWS.

Mattings. Mattings. Mattings.

Nowhere in this city of ours can be found a handsomer or more complete stock of Mattings than in our great store. Months ago we ordered our Mattings for this season—secured the best qualities—the most original and attractive patterns. This stock is ready for your inspection.

We have all kinds of Mattings at all kinds of prices, but every yard of Matting we sell is a yard of good material, something upon which you can rely absolutely. Isn't this "reliability" worth considering, particularly in the purchase of Mattings.

Then too, the new tariff or Dingley bill which has already passed the House and now in the Senate, to take effect July 1st, adds about 8 cents a yard to the cost of Mattings. Make your purchases now at the old prices.
