This wheel is worth more than the price we ask for it, and we are willing to have you bring an expert machinist with you when you come to look at it, and we will abide by his decision. It is made of weldless steel tubing; connections—drop-forgings and selected steel, wheels—28-inch with selected Washburn & Moon piano wire spokes, hubs turned out of bar steel, bearings turned from bar stock and properly hardened, balls large size, cranks 6½ in. round, tapered; drop-forgings, tread 44-m., sprockets—drop-forged front and detachable rear. Wall Paper! Wall Paper!

I wish to call the attention of my friends and the public in general to the fact that I now am ready to show one of the

Finest and Cheapest Lines of WALL PAPER

ever exhibited in this county, bought direct from the factory, in full bundle lots, so you get it only from second hands, no two or three profits coming off it. Of course the consumer pays them all. Sam Jones says it takes a painter pup nine days to get his eyes open. I have known some people to get their's open in fifteen minutes in a wall paper deal. They thought it was two pieces instead of one, and the border they did not understand, &c. That is always their plea. Remember I am the only paper hanger in the county that carries a stock and don't have the expense of running a store, therefore I have no opposition. If you think I can save you money, come and see me and bring size of your room, or send size by mail and I will tell you what your obligated, and send samples and convince you that Gladhill's is the place to save twenty-five cents on a dollar in wall paper.
