Mr Kimball has worked very patiently indeed but she has
been building & I know you want money very much
she spoke to me the other day & when she did that you
may rely on it she is in want of it. She has other monies
to pay to the bank so that she is a good deal distributed about
her wants & she who is now grown old it really affects
her health materially I am in her debt $50 which I with
you would return me if possible Mr Bayly's acct against

7 or 8 dollars she had one drawn two or three plugged
& this evening whilst the instruments of extraction were
in her mouth the painter which caused the dentist to
stop until Sunday morning for he goes away on Saturday
evening. She stands it tolerably well & I hope will be
much benefited. She possesses more self command than
I thought she did for after an unsuccessful attempt to take out

scarcely sit in her seat for trembling. She desired the dentist
immediately to proceed for abolishing the instrument the painter
Enclosed I send you $200 dollars by Mr Kephart
please not to forget Mrs Kimball for indeed I know she
suffers from the want of it. She has a great deal of
money to pay both to the bank & to workmen & actually does
not know where to get it. Give my love to all the
family & believe me your dutiful son
