Sir/ I have recieved your note of this date — The building Committee of the Union Church of Taney town have some business for you to attend to at Annapolis, for which they have agreed to allow you a triple. —

I am doubtful, that we shall not be able to make up much money in T. Town, to pay the expences of a Delegate to advocate the division of the County: he will make the attempt without delay. — he shall be pleased to see you on Tuesday next in Town, if you can make it convenient to call. —

I received your Letter by the Mail of the 30th ult.o & as soon as I could see Major Jones — which was to Day. I mentioned to him that you would bargain with him as to the exchange of Property — if he would give you $1000 — in the exchange instead of the $1000 = This he would not consent to do — and after all that could be said pro & con — I could not prevail on him to give a cent more than he had offered — Therefore as Mr. Jones wished to be on a certainty immediately — I have concluded the exchange with him for the Sum of one thousand Dollars, to be paid before the 1st of April, when possession is to be given — After the bargain was closed — Major Jones said — as he had Money in
