Dr Sir

Annapolis March 21st 1823 -

I received your Letter a few Days past. and also your Letter a short time before covering the Deed for Major Jones - with a Statement of your Acct - I have given the Deed to Major Jones - & the Acct for the balance due by him to you - Major Jones called on me a few Days since. observing that these Lots aught to be run out by the County Surveyor - that he may know the lines - If this takes place the question is - whether the Seller or Purchaser is to pay the expense - I have seen Mr Lloyd & asked him if you could get a full blood Bahemull from Lamb, delivered in Baltimore & at what price - Mr L. says he has no full Blood - but that he will deliver you any where in Baltimore - that you will name - a very fine three quarter Blood for $10=00 - and he thinks this Blood - would suit you as well as a full one - I hope you will succeed this Year in raising a fine parcel of Lambs & I wish my particular pocket would allow me to purchase your Wethers - this I can't accomplish I fear
