Gettysburg 18th Sept. 1844

My dear Sir

I received your kind Letter of Philip's contents observed, the Bung is wanted to a young English Man, of the Name of Wilkins, who has done business for Mr Baker since Andrews Death, and am in hopes he will purchase all the Bottles here at a Dollar pr Doz. that being the Price in this Town, and have sold some already at that rate — there is some of my Bottles in Tommy Town, of which I will annex the Number of the persons with instructions to give them to you —

If Mr Wilkins was Come so that I could sell my Malt, Coarse, and Bottles, &c. I think could arrange a Day for the sale of all Stores, Grey what Paid, and leave this place, but where I shall go to, at present cannot say — God's my good Shepard in whom I trust —
