C. Birnie, Esq.

Dear Sir,

Will you be so good to inform me what is the state of the Markets for your agricultural productions? What is the price of wheat, oats, rye, &c. What is the value of land at present compared with what it bore five, or seven years ago?

Has the culture of Cotton been introduced into any part of Maryland or, to your knowledge, to any great extent in Virginia?

What are the present prices of the various kinds of Tobacco?

Yours &c.

Philad.a
