the Death - is a Justice of the Peace for Fredk. County -

I have had conversation with Mrs. Mrs. Edwards - who insisted that her rent must be lowered - especially as she was to be annoyed by so disagreeable a Neighbor as Mr. Comfield and his Family - all things considered for your Interest, I have agreed that she shall hold it for another year at $130:00 - taking of $20 = Mr. Comfield took possession of his Stone Room 1st. of this Month - and so far - I have heard no complaints from Mrs. Edwards - Mr. Comfield has promised that he will never go into the back Yard - and that Mrs. Comfield will try to use it, with the approbation of Mrs. Edwards - I hope both Families will be accommodating to each other, and that peace and quiet may prevail. My Wheat does not look as well now, as it did last year - and the Crows & Black Birds pull up a great part of my Corn - this is an evil your part of the Country is not subject to - as I see they advertise to purchase wool in Baltimore - I hope your crop will turn you out good sales -

We are all well and unite in friendly respects to Mrs. Binnie - the young Ladies & yourself - with yrs. truly -
