Western Ogle Sept. 23. 1835

Dear Sir

I am sorry to inform you that Rogers has been very unwell all this past week and continues in a delicate way I have had Doct. Byrne to visit him he has taken several doses of medicine he is by no means ill but think it highly proper you should be acquainted with his indisposition The examination of our Academy will be on the 29th & 30th of this month I think it would be well to come down in a gig as I think him ~~not~~ likely to be well enough to ride on horse back I mentioned to you that we had applied at New Haven or Yale Collidge for Gentlemen to supply the place of those who were about to leave they will be on the 3d of October the professors of that institution recommend them in the highest terms as scholars and every way calculated to take the charge of an Academy with much respect

Respectfully Wm McCleary to look out for an opportunity to send this letter Wm. Breathed has been kind enough to call and offer to take Rogers with him to Washington if we thought the air would not have been well enough to venture any distance from his school the time I received his letter I was the Gentleman being in Washington that Day and there

Dr Sir

He would justly be considered as undeserving the name of friends, who would neglect to comply with the dying request of a friend, therefore, in compliance with the last request of the honorable board of Managers, I have advertised that an Election will be held in Fancy Town on Monday 10th Octr next, at which I hope you will consider it a part of yr official duty to attend, otherwise I am apprehensive there will be no Election, For my own part I do not intend to tax the good nature of my Constituents by renewed Solicitations of Suffrages, for if there is any honour attached to the office I have held for the last Six or Seven years, (and doubtless there is, for, there has been but little else attached thereto) then certainly I have acquired a sufficiency of that commodity to carry any reasonable man through the world

I am sorry to make an unpleasant charge against
