Trial 7th Octr 1826

Dear Father

I write in haste to inform you that you have been prosecuted for the assault on Frank. As there can be no doubt but you must be found guilty since words cannot be sufficient for blows, however be the facts as they may — John Crapster is here who can be as good a witness for you as any other person I wish therefore that you would come up before any process is served on you & quietly submit it, to the Court without any further publicity. So have it ended yours

C Burnes
