Balt. June 9th 1826

Mr Bernie Sir

We have received yours of the 5th inst & agreeable to your request have examined the four fleeces of Wool which you say is a fair sample of your lot but owing to the unsettled state of the Wool Market & the uncertainty of judging a lot of Wool by sample we are not prepared to make you an offer only if you will come down with the Wool & try the Market we will give you the Market price — The sooner you could have it here the better it would be for us & I think for you as the Wool staplers anticipate a still greater depression of Wool although it is now much lower than last season The Way of transporting Wool is generally in Bags or in any other way that it can be done without risk or loss

We should like to hear from you soon whether you come with it or not as we have frequent opportunities of purchasing & only want a certain quantity —

Yours Respectfully Stanley & Co.
formerly J. P. K. Stanley

turn over

Mr. C. Bernie

Stanley & Co.

If successful in obtaining an order of the Ct for you & Fleming to attain the funds in yr hands until it is known whether the Creditors will be admitted only let you to accept Price's order

Frederick 7th June 1826

Dear Father

Returned from Baltimore on Monday 5th inst. having been there a week, whether my visit may result in any thing or not I know not. It cost me more than I could have wished $20 or. however it may eventuate well. The Court was not in session consequently Mr Taney had no opportunity to introduce me to but two of the bar he being disappointed in the adjournment of the Ct He being acted very kindly and introduced me to several merchants with each of whom I left a card & from some of whom I received promises should I find it convenient I will probably go down again in the fall particularly if I receive any encouragement from my past visit Mr Taney received me very kindly showed me much attention & regretted his not being enabled to do more for me — he is very
