ground of dispatisfaction at which he laughd
As this is a matter of some moment
I submit to you the propriety of the
measure and should you consent to
its You ought to come on as soon as
possible and have it done You choosing
Eichelberger, Baker another & them to
chose a third if they cannot agree
The case stands thus if you arbitrate
its, the arbitrators will most probably
decide the case on its merits If you sue
they will plead the Statute of Limitations
I do not now say whether it would avail
them or not as they never denied the
justness of the debts & inasmuch as the
estate was known to be insolvent togethr
with non denial of the claim the Ct
probably might relax the law & allow the
claim but this would be for trial
at all events I would advise that you
come here for if you arbitrate yr presence
will be necessary & perhaps yr coming
here might tend to bring the matter
to a close If I do not hear from
you soon I shall expect you

Yr dutiful Son
C Binder

wanting me to sue a man for slander

the Gout — Wm Thomson if not

to Gettysburg — Dont forget when you

ment continues for it may be
necessary to use other means With
