Mr C. Bonnie

Sir

Received a Letter from you, by the post from Rentas Town — as the Letter has no place of residence, I am at a loss to know, if you reside there, or near ~~Middletown~~.

I will with pleasure, furnish you with the Seeds of the Honey Locust, (three thorned Acacia) if you will let me know to what in the place, I can get it, to be forwarded to you — or if you will say, by what way it can be sent. I have planted several Ledges, and some of my friends have planted them; and they promise to form a hedge, both durable, & impassable — I am sir with respect yrs

R. Patton

I understand you

My D.r Friend,

I am sorry to inform you, that the House of Delegates this day rejected the leave asked by Mr. Barnes the Chairman of the Committee to Bring in a Bill to Extend the Charters of the several Banks, and to Compleat the Turnpike roads therein Mentioned.

This rejection was by a great majority — So that, for the present relief is postponed.

I am so much disheartened, by having so many of our projects defeated, that, I cannot promise ~~you~~ any Success, to whatever may be useful, or a Measure of utility to the Country — because what is ~~dep~~ passed this House is almost ~~[illegible]~~ sure to be defeated in the Senate.

Col. Magruder & family is well — I have no knowledge how or where Miss Margaret is. I am inclined to think she is yet at West River.
