subscribe for Stock either the Harpersferry, Georgetown - Westminster & Emmittsburg - or Westminster & Hagerstown roads - as they may choose - Well Sir, the Frederick County Bank - and the Bank to be removed from Westminster to Frederick, will of course choose, the Geo Town, or Harpers-ferry road to invest their Stock in - I view it so - and my only hope is at this late day now is, to keep it back, that it may be referred with other bills to 1st June next - Then it will be particularly the duty of our End of the County to look well to who may be elected to the next House of Delegates -

Today we pass an act to incorporate the Baltimore and Ohio Rail Road - it is all the Hobby - and great hopes are entertained that it will be in successful opperation in 3 or 4 years -

I write you hastily, on the spur of the occasion, and have no time to correct my rude & hasty scrawls, so you will plean excuse blunders & omissions -

Ellis & Long & friends are all well -

Yours Sincerely

A. M. Ilheny
