farm on his Manor in this County & one of $20 on the Manor for the best cultivated with free labour & one of $20 for the best cultivated in the County with free labour which I think will help our Cause - I propose to adopt the plan of the Md Society & admit none but Members within the enclosure without tickets - the tickets to be furnished by the Society at such a price as may be determined on

these propositions will be submitted to the Society at its quarterly (Meeting in august) next at which I hope you will be present - & if you will do me the favor of visiting me will show you the completed the best constructed barn & yard that I ever saw or heard of - in short last I am

Very respectfully Yr

P.S. on the subject of holding the Show in Taney Town the Members with whom I have consulted are decided some prefer Frederick as a permanent place others to change it annually Taney Town seems

next place if there was a handsome fee in the way I would sooner relinquish it than argue a case in which you are interested as I attach to myself more responsibility than in ordinary cases, this may be a foolish feeling but springs from a correct source Thos Geist by his assignment is now no more to be benefitted by the decree & yr desire would be only to keep what might be coming from him

I hope to be with you during the latter part of Aug or first of Sept if convenient to let me have a horse I would pay Mr Darby a visit
