There are several Houses about the Dock here for Rent - and no Tenants offering - our Inhabitants are not encreasing - and less business going on - indeed our Town makes a bad figure at this time — Please to give me your opinion as to what course I had better take in regard to your House - that it should lay empty bringing no rent, is a loss - and the sum of $1800 or 200 or even $2000 - seems to be much below its value - high Taxes & rent and then some expenses for repairs must be paid on it — these are circumstances for consideration —

I should be glad to hear how the young grapes vines seem to promise - I hope the most of them are growing — We have a good supply of white eating grapes in our Garden — Peaches & Apples in the greatest abundance — The heavy rain we had yesterday week - has made every thing look green & growing — my Corn was all blown down flat to the Earth & Tobacco much hurt by the wind & rain -

My business will call me to Liberty Town about the last of this Month - when I hope we shall be able to see one another — Mrs. M. is well & joins in friendly regard to Mrs. Bierne and all the young Ladies with

Yrs. sincerely A. Maynadier —

Frederick

Recd from Mr John Kunkle the security for John Baker administrator of Andrew Thomson (decd the sum of in full for my dividend on my claim of against said Andrew Thomsons estate —
