I would be glad if you could pay us a visit here and have some Conversation with our Vinedressers, who have followed the Business in Germany as well as in this Country many years, I have no doubt you might obtain some useful Knowledge from them on the Subject.

If you might also get from four to 5000 Vine Cuttings here next Spring on the most reasonable terms. Should you want any please let us know in due time.

Respectfully your friend

Ludwig Lemrici
