Capt. A. W. Eichelberger, of Hanover, Pa., through Fire Marshal E. J. Lawyer, has presented the fire department of this city a colored engraving of the military encampment at Frederick, June 6-10, 1843, an event which drew vast crowds of people to that city, and which is still recalled with pride and pleasure by many of the elderly residents of the place. The evolutions of Major Ringgold's battery of Fying, or Light, Artillery, which formed a prominent feature of the occasion, were witnessed with admiration and amazement by the people and were spoken of for years afterwards, all over the county. Less than three years afterwards, on May 8th, 1846, the gallant Ringgold fell in the battle of Palo Alto, the first engagement in the Mexican war, an event which served to deepen and prolong the interest originally excited by the encampment, and which, more than half a century subsequently, gives great value to the picture of which our fire department has become possessed through the generous kindness of Capt. Eichelberger. The encampment was under command of the late Gen. James M. Coale, of Liberty, Frederick county, and the military organizations of which it was comprised were: U. S. Light Artillery, Major Samuel Ringgold; Hagerstown Horse Guards, Capt. Hollingsworth; Potomac Dragoons, Capt. Thomas G. Harris; National Guards Band; Md. Light Infantry, Capt. Wm. Small; Patapsco Patriots, Capt. D. Emmart; United Blues, H. S. Faber, Lieut. Commanding; New Market Riflemen, Capt. John Thomas, Jr; Hagerstown Cadets' Band; National Guards, Capt. The smoke-house of Mr. Theo. F. Englar, near this city, was slightly damaged by fire, between 8 and 9 o'clock last Sunday night. The family had retired, but the fire was discovered by some persons in the neighborhood of the Lutheran Church, who drove hastily to the scene, awoke Mr. Englar and assisted him in extinguishing the flames. The fire was caused by hot ashes. The damage to the building was $12 or $15. No meat was burned. The timely discovery of the blaze no doubt prevented a serious conflagration. Mr. Englar desires us to express his sincere thanks to the parties who so opportunely discovered and informed him of the danger which threatened his home.

A Handsome New Flag.

"Old Glory" never made a prettier appearance than when floating, a few days ago, from the flagstaff of the firemen's building in this city. The national banner, in this instance, is of government bunting and fresh from the hands of the manufacturer. The dimensions are 25x15 feet, sufficient to give the flag an impressive and attractive appearance, apart from its relation to the great country and the sacred cause of human liberty, of which it is at once the emblem and the shield. It stirred the pulses and thrilled the heart of every patriotic beholder as its folds rose and fell with gentle undulations when first kissed by the sun and touched by the breezes which seemed to linger and toy lovingly about its starry square and glorious stripes.

The flag was procured by voluntary contributions, solicited by Mr. A. H. Wentz. The list of contributors is as follows, and might readily have been swelled considerably if it had been necessary:

A. H. Wentz, Chas. E. Goodwin, A. C. Strasburger, J. C. Sharrer, Harry Schaeffer, Harry P. Gorsuch, Wm. N. Keefer, John Derr, James H. Cassell, N. H. Baumgartner, Milton Schaeffer, J. W. Baldwin, J. Death of Mrs. Harry D. Stoner.

Mrs. Cora E. Stoner, the young wife of Mr. Harry D. Stoner, of this city, died at her home on Pennsylvania avenue, on Saturday morning, 12th inst., after an illness of two weeks, of peritonitis. Her age was 24 years, 2 months, 15 days. Her death was a very sad one, as she leaves a husband and two little children, a son of 3½ years and a daughter 2 weeks old; and an aged father and mother, of whom she was the only daughter. Her sufferings were intense, but we are told she bore them with a patience and fortitude entirely characteristic of her whole life. She was a bright, amiable and attractive lady, and enjoyed the affectionate esteem of all who had the opportunity of knowing her intimately. She was the daughter of Mr. and Mrs. D. R. Potter, of Harper, Kansas, the latter of whom arrived here on Thursday preceding her death and while she was yet conscious. Mrs. Potter had not seen her daughter for four years and her sorrow at finding death so near can scarcely be described. The grief of the near relatives and friends of Mrs. Stoner, generally, is beyond expression. A funeral service was held at the house on Saturday evening, Rev. P. H. Miller officiating, and Mr. Stoner and Mrs. Potter, taking the little boy with them, started for Harper, Kansas, with the remains, immediately. The burial took place no Tuesday afternoon, the sorrowful little party having arrived safely at Harper on Tuesday morning. Mr. Stoner will return to this city about April 1st. He desires us to extend his thanks to his neighbors and friends for their extreme kindness during his great affliction.

The delightful weather of the last week has put our roads in good condition and consequently the good road subject is being lost sight of by the farming community, who are busy with spring work. Much plowing has been done, oats sowed and some have already planted potatoes. We notice the thrifty housewife is arranging to put the tiny seeds in their little beds, all of which indicate the near approach of spring. The robin and blue birds are piping their richest vernal songs and flitting from tree to tree in prospect of a summer home.

As before announced, the public schools of this place gave an entertainment in the I. O. O. F. Hall, to a crowded house. The exercises consisted of recitations, dialogues, class exercises, singing and tableaux, in which all acquitted themselves in a creditable manner. About $15.00 was realized and will be used for library and other school purposes.

Mrs. Isaac Brilhart died at her home on South Main street, on Tuesday night, at the age of 73 years. She was taken quite ill with pneumonia on Wednesday, 9th inst., and although receiving the best nursing and attention, the progress of the disease could not be arrested and she passed peacefully away. Her remains were laid away to rest in a family lot on Friday morning. Rev. S. M. Roeder officiating. She leaves a husband and 5 sons, Messrs. Charles, David, Edward, Francis and Albert Brilhart, all residents of this place.

A large company of friends met on Monday evening and went to the home of Mr. Wm. Gonder, one mile south of town and gave the worthy gentleman and his estimable wife a complete surprise. They were warmly received and soon had the home in full possession, while they indulged in amusements and games to the full enjoyment of all. At a late hour refreshments in abundance were indulged in. The midnight hour had already been numbered with the past ere the farewells were said and the moonlight walk home much enjoyed.

The funeral of Miss Mollie Bosley, on Sunday afternoon, was largely attended, at the U. B. Church, at this place, Rev. Sollenberger officiating. Messrs. Arthur Dehoff, Edgar Nagle, John Geas, John Brodbeck, Al. Reed and Harry Hahn were pall-bearers. All available hitching space on South Main street was occupied by teams, while the lot in front of the church accommodated some 30 vehicles. One-third of the people were unable to get into the church. Mollie was a consistent member of the Church from early childhood, an earnest worker in the Greenmount U. B. Church and Sunday School, and one of the promoters of the Christian Endeavor and Young People's Meetings connected with the congregations, and thus at all times showed forth her true Christian virtues, that were her stay in the departing hour. She died in the full triumph of faith. A large circle of friends mourns her loss and we add our sympathy to the bereaved family in their sore distress.

The Hotel de Stick was captured on Tuesday evening, in the absence of the hostess, by a large company of friends as a surprise to Mrs. W. C. Stick, who has been one of the promoters of a number of surprises this winter. They soon had matters their own way and fun and merriment reigned supreme during the evening. Music, too, was a factor among the enjoyments. The refreshments were fine and much enjoyed. It was a late hour ere the good nights were spoken and good wishes were given to the host and hostess that they might enjoy many more such pleasant events, passing along the rugged pathway of life.

Mr. Keener, east of Lineboro, bought a fine pair of mules last week, which escaped from the barnyard a few days ago, and ran to the stone quarries, where one turned up the railroad and fell through a small bridge and broke its leg. After considerable effort by a large crowd which had gathered, the animal was gotten out and sledded home, and the fracture adjusted, with a possibility of its getting all right.

Many of the windows in our town are decorated with a profusion of beautiful flowers.

A Surprise Party.

A very pleasant surprise party was held at the home of Mr. and Mrs. Wm. Gonder, near Manchester, on Monday evening, March 14th. The guests arrived about 8 o'clock and had an exceedingly enjoyable time. At a late hour all were invited to the dining-room to partake of the delicacies of the season, to which all did ample justice. The participants then returned to their homes, feeling very happy. "Do not ride tires deflated or too loose; if you do it will cause the tire to cut on the rim in such a way that it cannot be fixed, and **NO TIRE MANUFACTURER WILL REPLACE** a tire injured in this way."

The above is the advice given to all riders of single tube tires, by every manufacturer in the United States. Suppose you do not obey it, what is the result? Let's see, you're out for a ride; you get a puncture, or your valve leaks. The first intimation you have of this fact, your tire goes flat, and before you are aware of it begins to creep on the rim. Result: chafed, becomes porous; you send back to manufacturer. He says; not defective, keep tires pumped up. Could you avoid it? Of course not. Further result: buy a new tire at an expense of $3 to $5 or walk. This is an every day occurrence with riders of single tube tires. Take our advice.

Gist very frankly informs us that he is familiar with the ways of the opossum. Our readers will therefore remember that we were right when in the SENTINEL of January 29th we surmised that to be his reason for a familiarity with our district. He is evidently fond of quadrupeds, for when the "coon" is out of season he seeks the haunts of the groundhog. As "Klondike" is a back number we advise our friend to insert "Cuba," in its place. It will sound much better and be more appropriate. We are glad to see that our friend Gist has taken our advice and is determined to give the folks the news from his section. His two letters in the last issue of the SENTINEL are probably intended to be used to make up for the time he has lost in the past, in preparing his answers. If this was his intention and he hereafter gives us a regular letter, we shall welcome him into the *fraternity* of *regular correspondents*, as we can not admit *periodic spasmodics*.

[Gist items in last week's SENTINEL were written by two correspondents.—Ed.]

D. E. McQuay, of this place, was severely burned about the face and hands on Wednesday last, by the explosion of a boxen of melted "Babbitt," which he was preparing for use on his saw-mill. Mr. McQuay states that he had melted a kettle of the metal and poured it into the boxen around the arbor, when it exploded, throwing the melted substance all over him, injuring his left eye severely and otherwise burning his face and hands. A part of his mustache came out by the roots, and it was necessary to cut the balance off, as the metal was moulded intact with it. Dr. E. D. Cronk was called and rendered the necessary surgical aid and at this writing Mr. McQuay is doing very well, although it is feared he may lose the sight of his left eye. Mr. McQuay says he can assign no cause for the accident as he had often used the material on former occasions, and was using it in a similar manner this time.

A few evenings ago "Nimrod" and the "Little Barber," became imbued with the spirit of "76" (or of John Barleycorn, we have not been able to ascertain which,) and proceeded to do each other up in fine style. The result was a pair of black eyes and a cut face, yet we presume it was all in fun, for immediately after they were seen with locked arms wending their way to the nearest saloon there to drink undying friendship in the cup that inebriates.

Our farmers are all busy preparing their ground for the spring crops and the busy housewife can be seen with splotches of whitewash on her face and the scrubbing brush in her hand. It is the season in which the husband, if he wishes to read the daily paper undisturbed, has to seek some congenial spot on the warm side of an outbuilding.
