Baltimore 3rd Apl 1828

Mr C Bonnie

Dear Sir

I send you two boxes Locust Seed, and the young Plants — give the one, and plant the other in good Contest, and I have no doubt they will thrive rapidly — but water them occasionally — I send the cuttings, and have made allusion to your pattern — I should like to know the name of the ad[illegible] time — I have at different times, rec[d] cuttings from him — when you have leisure allege me with a detail of the mode by which your wine process was managed —

Your Respectfully
Dr Yr Ob Svt
B Caton

Care

Dear Sir — Frederick Town 7th April 1828 —

When I left home, 2 Weeks since, for Liberty Town — I intended to call and see you before I left the County, and my Friends at Pipe Creek; but being detained at Liberty Town much longer than I expected — cold and very unpleasant Weather for an old Man to travel — and business obliging me to come here — compels me to give up my visit to you — having concluded to take the turnpike road tomorrow, for Baltimore, on my way home — I was glad to hear from Miss Bonnie — whom I saw to Day at Mrs Murdoch's — that Mrs Bonnie — yourself and Family were all well — I will call on your Son — in the Morning and pay him eighty two Dollars — and fifty cents for your use — $57=50 — of this Sum is from Coll. Done

C. Bonnie Esq
