From Extreme Nervousness.

THAT no one remedy can contain the elements necessary to cure all diseases, is a fact well known to everyone. Dr. Miles' *System* of Restorative Remedies consists of seven distinctively different preparations, each for its own purpose.

Mrs. L. C. Bramley, 37 Henry St., St. Catherines, Ontario, writes: "For years I suffered from extreme nervousness and annoying constipation, developing into palpitation and weakness of the heart. I was unable to sleep, suffered much from headache, pain in my left side, palpitation and a constant feeling of weakness and prostration. I began using Dr. Miles' Nervine, Heart Cure and Nerve and Liver Pills and the Anti-Pain Pills to relieve sudden paroxysms of pain and headache. I soon felt much improved and the pains and aches and weariness left me. I then took Dr. Miles' Restorative Tonic and am now restored to my former good health."

Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on diseases of the heart and nerves free. Address,

SPRINGTIDE.

:o:

Let's walk Joy's native way—
Better, better so;
Day and night, and night and day,
Better to joy than know.

Sad measures none has May;
Hark! above, below,
Voices over and over say,
Better to joy than know.

The quick winds wake and play,
Through the clean leaves blow;
Shut the books and come away,
Better to joy than know.

Blithe sungold hides the gray,
Glories gleam and grow;
See, the shadow cannot stay;
Knowledge, oh, let it go!

The young hearts, warm and wise,
Call with laughter low:—
Be as the happiest bird that flies,
Be as the brooks that flow.

Come, feet-foot Joy's own way,
In it let us go;
Day and night, and night and day,
Better to joy than know.

—John Vance Cheney, in Harper's Magazine for May.

Wear Powdered Sulphur in Your Shoes

By Geo. T. Angell, in the Boston Herald.

Many years ago the Hon. Casey Young, member of Congress from Memphis, Tenn., told me that he and many others escaped from yellow fever, which had been prevailing to a terrible extent in Memphis, by simply wearing powdered sulphur in their shoes. In one instance he had a large number of gentlemen in his office and advised them in regard to this matter, and every man who acted upon his advice escaped the fever, while quite a number of them who did not had it.

When the grip was attacking almost every family in Boston a few years ago, I sent an officer to the Bryan match factory, who reported that out of the large number of persons employed there not one had been attacked by the grip. I distinctly remember reading some years ago that all persons working in the Italian sulphur mines escaped the malaria that prevailed all about them. I remember, also, in a book written by an eminent German physician, translated into English, his assertion that persons observing the ordinary rules of health, and wearing sulphur constantly in their shoes were completely protected from cholera. I have also had at different times evidence given to me that the wearing of sulphur in the shoes has in various cases cured persons afflicted with rheumatism.

It may be that the old New England custom of our forefathers and foremothers, giving to their children every spring brimstone and molasses, was not without a good foundation, and the effect of a few doses, as many of us know, is sufficiently powerful to blacken the silver pieces carried in one's pocket-book, so that car conductors and others sometimes hesitate to receive them. I think, in view of the present epidemic in the South, which may increase, it is well to send out this information widely through channels where it will be likely to attract public attention.

What Not to Wear.

White skirts on muddy days.
Cheap jewelry any time.
Bright red with a florid complexion.
Conspicuous bicycle costumes.
A broad belt on a stout ggure.
A plain basque on a slim figure.
Cheap trimmings on a good dress.
Cheap lace on anything.
Diamonds in the daytime.
Linen collars with dressy frocks.
Picture hats with outing costumes.
Theater bonnets with street suits.
Worn shoes with an elaborate toilet.
A linen collar that is not immaculately fresh.
Gloves with holes in, or boots with buttons missing.
Soiled white gloves on a shopping expedition, or any time.

Admiration is the daughter of ignorance.

Cycling and Asthma.

Dr. Marcet, of London, recommends bicycle riding as a remedy for asthma. Here is what he says about it in a letter to The Medical Record: "If asthma is a form of mountain sickness and if that distressing affection of high altitudes can be cured by training for the exercise of climbing, why should not asthma also yield to the training of the respiration carried out by practicing the respiratory movements needed to carry the tidal air through the lungs? Of all means of training respiration I think cycling is the best. When a person first takes a cycling exercise, it will be found, especially on going up hill, that the breath is wanting, the heart beats uncomfortably and the legs tire, but after training these discomforts disappear, nothing will be thought of ascending hills, the heart has become perfectly comfortable, all breathlessness has disappeared and the legs will no longer feel any fatigue.

"Cycling exercise, first of all, increases the depth of breathing, and that without fatigue, as the respiratory movements are automatic. At the same time it will accustom the rider instinctively to take in at each respiration the volume of air required to aerate the blood. Persons who do not care for cycling out of doors can take the same kind of exercise at home by means of a dummy cycle, consisting of an iron wheel driven by pedals, the resistance of the wheel being so contrived as to simulate bicycle riding. A strap carried partly around the rim of the wheel can be tightened at will by the rider, thus increasing the labor and recalling the effort of riding up hill. My experience of the results of this treatment is unfortunately limited to only one person. In this case it has proved eminently successful. This person took to bicycle riding three years ago for pleasure and in very great moderation for the first two years. He observed that the attacks of asthma to which he was subject became fewer. The tightness and wheezing which occurred every night have now entirely disappeared.

Live Stock Hints.

Give your young hogs all the milk you can spare.

Keep late fall pigs by themselves, and feed well.

Cull your sheep. Keep only the best and strongest.

It pays to give milch cows a quart or two of bran per day.

Put all your farm implements under cover for the winter.

Scatter dry earth on the floors of henhouses and pig pens.

Keep your horses up at night. If pasturing, feed hay extra.

See that your stables are banked and battered, yet well ventilated.

Give your breeding stock plenty of exercise, your fattening stock very little.

There is no better food for fattening pigs than sound corn. Grind and cook if possible.

Sheep are looking up again. On grain farms a small flock can be kept with little expense.

Among the Novelties.

It is said of the Stella Morse sweet pea that it more nearly approaches true yellow than any sweet pea yet introduced. A pale pink flush gives a rich creamy buff color.

Heliotrope is a new color in sweet peas and is striped with white.

Pink Cupid represents a dwarf variety that is receiving attention. It is bright rose pink or pure white.

For modesty, which is described as most delicate pink, it is claimed that its color does not turn white when the flower is fully opened.

Confession Arouses Suspicion.

"I dunno," remarked Piute Pete. "I'm beginnin' to feel kind o' doubtful about that case."

"Ye mean about that hoss thief we jes' 'tended to?"

"Yes."

"But he confessed."

"I know it. An' it wasn't till he confessed that I had doubts. There ain't no circumstances whatsomever under which I'd take his word for anything."

But few farmers accumulate as much manure as they desire. Instead of spreading their manure over too much land, it will be better to use only one-half of the farm for crops and grow green material on the other half to be turned under. In this manner it will not be many years before every acre will double its average yield, and the profits will be larger because the expenses will be correspondingly reduced.

With a few marked exceptions, sixty years has been the limit of the great generals of the war. Grant died at the age of 64; Sheridan at 57; McClellan at 59; Geo. H. Thomas at 54; Hancock at 62; Logan at 60; Frank P. Blair at 54.

The Pension Department is calling upon pensioners for a statement as to their domestic relations, to be used after their death, when applications for widows' and orphans' pensions are made.

Prevention
better than cure. Tutt's Liver Pills will not only cure, but if taken in time will prevent

Sick Headache,
dyspepsia, biliousness, malaria, constipation, jaundice, torpid liver and kindred diseases.

TUTT'S Liver PILLS
ABSOLUTELY CURE.

AN OPEN LETTER.

WESTMINSTER, April 10th, 1890.

Mr. Jos. B. Boyle:

Dear sir:—For many years I have suffered intensely, on taking cold, from a very troublesome cough, for which I have used a number of various remedies, and obtained but temporary relief. During the past Spring I was again troubled with the same cough, and through a friend was induced to try your Pectoral Syrup, which not only gave almost instant relief, but a permanent cure. It gives me great pleasure to say that I believe it to be the best remedy I ever used for the purpose for which it is recommended. Hoping that any person afflicted as I was may be fortunate enough to give it a trial, I am,

Truly yours,
EDWARD LYNCH.

For sale by all Druggists and Merchants in the county. Price 25 and 50 Cents a Bottle Take no other. feb-5-3m.

ever exhibited in this county, bought direct from the factory, in full bundle lots, so you get it only from second hands, no two or three profits coming off it. Of course the consumer pays them all. Sam Jones says it takes a pointer pup nine days to get his eyes open. I have known some people to get their's open in fifteen minutes in a wall paper deal. They thought it was two pieces instead of one, and the border they did not understand, &c. That is always their plea. Remember I am the only paper hanger in the county that carries a stock and don't have the expense of running a store, therefore I have no opposition. If you think I can't save you money, come and see me and bring size of your room, or send size by mail and I will tell you what your job will cost, and send samples and convince you that Gladhill's is the place to save twenty-five cents on a oa a dollar on all Wall Papers.

Two Ways
of getting Glasses:

ONE,
to go to a first-class optician, have your eyes properly tested and get what you need;

THE OTHER,
to go to a merchant who keeps spectacles, make a "grab in the bag," as it were, get a pair that don't fit you (although it may seem so for the moment), run the risk of ruining your eye-sight entirely, and all for a very small difference in expense.

If you need the services of a good optician, we can serve you well and cheaply.
