Dear Father

I wrote you the week before last which from my mothers letter of to day I suppose was Recd Since then Harriet has been dangerously ill from drawing out the piano & after lying one week on her back has been unable to preserve herself from miscarriage to which she is nearly approached as that a part of the membrane in the womb came off & which we at first supposed to be little Patty but I believe all is safe again & to day she is in Town — I believe the only difficulty at present to go to house keeping is the want of $100 to furnish the balance over what Mr H gives, he has given me a claim of $125 on a wealthy man on the Eastern Shore which probably may be got, but doubtful — As I suppose, H was unacquainted with her fathers circumstances he could only raise funds on loans, she knew he could be accomodated in bank but that is not the thing — He is out of debt & has an income of $1200 per ann which together with his farm of 100 acres (which until this year cost more than
