Mr. Wm. F. Harrity, of Pennsylvania, has been removed from the Democratic National Committee and J. M. Guffrey appointed in his place. The change was made by a vote of the committee, taken by letter by chairman Jones, at the request of Pennsylvania Free Silver Democrats, who charged that Mr. Harrity had ceased to be in accord with his party. He is in favor of honest money, but, in spite of his views on the currency, voted for Bryan. His removal indicates that the leaders of the free silver wing of the Democratic party have decided that issue to be a vital one, as, indeed, it is. There is no room for Sound Money Democrats on a Free Silver platform, and Mr. Harrity has been unceremoniously kicked out of the National Committee because he believes a dollar, with the government stamp on it, should be a dollar in reality. No self-respecting Sound Money Democrat can fellowship with the element of his party that insists upon a different theory. Harrity's removal gives due notice to Democrats who believe in a stable currency that they need expect no favors from the "fiat money" people who are controlling the Democratic party.

THE OREGON ELECTION.

GREAT REPUBLICAN VICTORY.

The First Gun of '98.

CURRENCY THE ISSUE and Oregon Goes for Honest Money.

The Republicans won a remarkable and most gratifying victory, at the election in far away Oregon, on Monday. They made a clean sweep, electing the Governor and other State officers, both members of Congress, and a large majority in both branches of the Legislature—upwards of sixty on joint ballot.

The fight was made on a straightout Sound Money platform, by the Republicans, without equivocation or compromise, and they were opposed by all the Free Silver elements in combination, Democrats, Populists and Free Silver Republicans.

Large gains were made in nearly, if not all, the counties of the State, and the Republican majority is about 10,000.

Oregon is one of the states in which it was supposed the Free Silver heresy had taken deep root, but the result of this election indicates that the sober second thought of the people is bringing them to sounder financial views, and that the heresy of depreciated money is dying out along the shores of the Pacific. Oregon joins hands with Maryland and other Atlantic States in maintaining the financial honor and integrity of the country. Let this victory be repeated in other States until the Free Silver craze shall be utterly overthrown, never to be revived again.

WAR NEWS.

The most interesting war event of the week was the brilliant action of Lieutenant Richard Pearson Hobson, of Alabama, and eight seamen, who entered the channel leading into the harbor of Santiago, in the Merrimac, a comparatively valueless auxiliary ship of the navy, which they sunk for the purpose of preventing the escape of the Spanish warships now lying at that place. The venture threatened almost certain death to the lieutenant and his little force of sailors, but they steamed past the Spanish fortifications as coolly as if they had been on a pleasure excursion. At the right moment a torpedo was exploded, which must have torn a great hole in the bottom of the ship, as she went down almost immediately. Fortunately the brave men aboard of her were able to take to a boat in which they rowed at once to a Spanish warship and surrendered. It was one of the most daring and dangerous enterprises in the annals of naval warfare, and is so pronounced throughout the world.

In a subsequent attempt of the Spanish fleet to blow up the sunken ship for the purpose of clearing the channel, the Spanish cruiser Reina Mercedes was struck by a shell from the battleship Oregon, and sunk. The Vizcaya was also damaged by a shot from the cruiser Brooklyn.

Admiral Sampson's fleet has bombarded the defences of Santiago which were badly damaged, if not practically destroyed, by the heavy fire of the American ships. Evidently the navy is preparing the way for army operations and it is reported that Admiral Sampson has landed a force of marines at Caimanara and holds a strong strategic position at that point.

It is believed the fleet has sunk a Spanish torpedo destroyer which was about to make a night attack. A strange craft was discovered, in the glare of searchlights, well inshore. She was fired upon and immediately disappeared. Two floating torpedoes were discovered directly afterwards, one of which was secured and the other sunk.

In the Philippines the insurgents have achieved a series of victories and have captured many Spaniards. Admiral Dewey is preventing ill treatment of the prisoners.

Mr. C. W. Melville, secretary of the Live Stock Sanitary Board, states that so far 805 dairy herds of cattle have been registered at his office. He calculates that nearly 400 more herds must be registered by June 15. The owners of those that have not been recorded with him by that date will then be liable to prosecution under the law, and Mr. Melville says this law will assuredly be enforced. Of the herds already registered the largest number—198—is in the territory traversed by the Western Maryland Railroad. In the country along the lines of the Philadelphia, Wilmington and Baltimore, the Northern Central and the Baltimore and Potomac there are 184, the Baltimore and Ohio 139 and the Lehigh 99.

The Firemen's Convention.

The sixth annual convention of the Maryland State Volunteer Firemen's Association, which was held this week at Salisbury, adjourned on Thursday. This city was selected as the place of meeting of the convention to be held in 1899. The selection was made unanimously. The convention adopted a resolution promising help to the families of volunteer firemen who may lose their lives in the war with Spain. The action of Gov. Lowndes in retaining Fire Marshal E. J. Lawyer in that office was commended. Mr. Charles V. Wantz, of the Westminster Fire Department, was elected secretary of the association, an office which he will fill efficiently and to the satisfaction of the firemen. The full list of officers elected is as follows:

President—John J. Stump, of Cumberland.

Senior Vice-President—Samuel Hanna, of Baltimore.

Secretary—Chas. V. Wantz, of Westminster.

Treasurer—Hiram R. Heck, of Frederick.

The list of delegates present from the companies in this county is as follows:

Union Bridge Fire Company—Delegates, W. H. Marshall, F. G. Eppley, J. Frank Baker, H. H. Bond, O. W. Hess.

Manchester Fire Engine Hook-and-Ladder Company—Delegates, Geo. H. Trout, Chas. J. H. Ganter, Wm. H. Wilson, Chas. A. Myers, John L. Graf.

Westminster Fire Engine and Hose Company, No. 1, Westminster—Delegates, C. V. Wantz, J. H. Cunningham, H. C. Keefer, J. M. Roberts, D. S. Gehr and Henry Himler.

* * *

In conference with Governor Lowndes Secretary of War Alger has determined that under the new call for volunteers the First and Fifth Maryland Regiments, now at the front, will be recruited to the full regimental strength out of the 1160 men of Maryland's quota. This will leave but about two hundred for some other organization. The officers and men of the Fourth Regiment are anxious to enter the service as an organization, but there appears, at present, little prospect that they will be gratified.

For the Sentinel.

Letter From Franklin Grove, Illinois.

Franklin Grove, Ills.,
June 1st, 1898.

Crops and all growing vegetation looked very promising until about five o'clock, June 1st, when this vicinity was visited by a severe hail-storm which did great damage to the corn crop and garden truck. But the corn will sprout out again and we are not left like many a few miles south of us who were struck by a tornado two weeks ago last night. After some of the hail stones had laid nearly half an hour we found one that measured six inches in circumference.

We had a fine lunch at night with our ice cream frozen with the hail we had gathered in our front dooryard. A neighbor boy was struck on the head by a large hail stone, which made him reel, and you can see the effect on his head yet. I presume one of New Windsor's young men can tell how it hailed here, as he was out in nearly all of it, with a corn plow and team.

But with all the tornadoes and hail storms, Illinois is the place to live.

Yours Truly,
B. J. Harris.

Proceedings of the School Board.

The School Board was in session on Monday until a late hour. All the members were present. Messrs. Jesse Smith and Joseph Englar, of Linwood, were again present and urged the necessity of opening a school next year at that place, which the board finally decided to do conditionally.

Mr. Wm. J. C. Dulany, representing the W. J. C. Dulany Co., was present and asked that a renewal of his present contract to furnish the schools with text books be extended to July 1900.

The trustees of Centrall Hall School were present and urged the enlargement of the present building. The Board appropriated $25 or so much thereof as may be necessary, for the purpose of employing an architect to examine the walls of the building and pass upon the advisability of converting it into a two-story house.

Gamber Items.

The weather has become very warm and dry. Rain is needed to lay the dust and set vegetation growing. The ground has become very dry and hard.

Harry Frizzell, son of Geo. W. and Mary Frizzell, who died here on last Saturday morning of pulmonary disease, was buried on Sunday at 3 o'clock, P. M., at Mount Pleasant M. E. Church, at this place. Funeral services were conducted by Rev. S. W. Coe, of Providence M. P. Church. His age was 27 years, 10 months and 17 days. The pall-bearers were: Messrs Roger Shipley, S. Carroll Haines, Horace Warehime, Harry D. Rider, Joshua M. Patterson and Carroll Jenkins. A very large concourse of relatives and friends was present on the occasion.

Harney Items.

The pleasant weather the past week has given the farmers an excellent opportunity to get their corn planted.

Children's Day was observed last Sabbath in the U. B. Church here. The exercises were good and highly appreciated by the audience. Next Sabbath a similar service will be held in the Lutheran Church.

Prof. J. W. Slaughenhaup is busily engaged in picking and marketing his crop of strawberries.

Mr. Samuel Shoemaker has his new barn nearly completed.

Mr. Joseph Weishoar, who moved from this vicinity to York, Pa., last fall, has returned and now occupies one of J. V. Eckenrode's houses.

Quite a number of persons from Freedom district were here last week to attend the funeral of Mr. C. M. Hess.

A Visit to New Windsor.

During a brief visit to New Windsor, on Monday, the editor of the Sentinel was pleased to note signs of a progressive public spirit among the citizens of that thriving town. Trenches were being digged for the water mains which are to carry an ample supply of the aqueous fluid to the homes of the people, and massive poles to bear electric light wires were in course of erection, to say nothing of numerous private improvements. When these enterprises shall have been completed few towns of equal population will surpass this Carroll county one in modern conveniences, in salubrity of climate or in attractive and pleasant surroundings.

It was also noted with gratification that the creamery belonging to the estate of the late Adam W. Bloom was in full operation, under the management of Mr. John McCarty, Mrs. Bloom, after discovering that the business was in good shape, having decided to continue it. The establishment is fitted up with fine modern machinery and is most conveniently arranged for the transaction of its business. Mr. McCarty is thoroughly conversant with the work, and will use his best efforts to make it successful.

Hampstead Items.

A petition is being circulated by one of the road supervisors of Hampstead district, requesting the County Commissioners to purchase that part of the Reisterstown and Hanover turnpike running through this county. The movement meets with considerable opposition, as the bed of the turnpike is well nigh worn out and, under the present system of district taxation, the cost of repairing it would fall heavily on the taxpayers of the two districts which it traverses.

The Hampstead Baseball Club was easily defeated—for the first time this season—by the McSherrystown, Pa., Club, on the grounds of the latter, on Saturday last. The score was 24 to 2. A former pitcher of the Cumberland Valley League was pitted against our club. A nine from Westminster will play here on Saturday.

The school trustees of this place have reappointed the teachers who were employed last year, though the rooms to which they have been assigned and the principalship have not yet been announced.

Miss Alice Deal and Miss Mabel Wooden have returned to their homes from the Woman's College, Baltimore, for the summer vacation. Miss Wooden left yesterday for Bethlehem, Pa., to attend the commencement of the Morovian Seminary. She will also attend the commencement of Lehigh University, from which her brother, Mr. Lawrence Wooden, will graduate next Thursday, in the civil engineering department.

THE SURPRISE OF ALL.

Mr. James Jones, of the drug firm of Jones & Son, Cowden Ill., in speaking of Dr. King's New Discovery, says that last winter his wife was attacked with La Grippe, and her case grew so serious that physicians at Cowden and Pana could do nothing for her. It seemed to develop into Hasty Consumption. Having Dr. King's New Discovery in store, and selling lots of it, he took a bottle home, and to the surprise of all she began to get better from first dose, and half dozen dollar bottles cured her sound and well. Dr. King's New Discovery for Consumption, Coughs and Colds is guaranteed to do this good work. Try it. Free trial bottles at A. H. Huber's and Joseph B. Boyle's Drug Stores, Westminster.

An ice cream and strawberry festival for the benefit of the new public hall at Frizellburg, will be held in that building, commencing Thursday evening next, 9th inst, and continuing each evening the remainder of the week.

Bad management keeps more people in poor circumstnces than any other one cause. To be successful one must look ahead and plan ahead so that when a favorable opportunity presents itself he is ready to take advantage of it. A little forethought will also save much expense and valuable time. A prudent and careful man will keep a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the house, the shiftless fellow will wait until necessity compels it and then ruin his best horse going for a doctor and have a big doctor bill to pay, besides; one pays out 25 cents, the other is out a hundred dollars and then wonders why his neighbor is gitting richer while he is getting poorer.
