Dear Father

I presume Edwd has left town & I have just now met with Mr Davidson (3 O'clock As I cannot hit upon terms I propose for him to go up & see you — If you & he agree well & good & if not I presume you can engage him for a month or two at any rate at this season so that he may not have his walk for nothing If you agree & you think he would answer yr purpose If you could not send down yr own waggon he could come down a day before Baltimore & have his trunks &c at Bananas so as to return with him
