Hannah more academy

Gentlemen

I rec'd some time since a letter from my son George informing me that Mr Hartlaw had called on him to inform that a lady (perhaps then in Baltimore) was an applicant for the situation required at H M academy, and wished that the trustees might be called together as soon as possible. Circumstances have prevented my seeing you agreeably to my intention. If I understand the letter from George right it is the wish of the trustees in Baltimore that we should meet at that place. I will thank you to inform me p^r return of the bearer whether such arrangements will suit you and when.
