Dear Sir

the more I hear of Hines transacting the more I get intimidated concerning my Securityship, therefore as I grieve very much to think that I would have to pay so Dear for such a favor, I earnestly entreat you to push for your money, as I am afraid the longer time he gets, the better able he will be, to form a device to cast me into the debt, which he will do if possible.

I am with every Respect yours

Dear Sir,

I am desirous to provide myself with a pair of Shorthorn Durham Cattle – Dr. Barr has informed me that it was probable you had them to spare.

Will you let me know by some early mail, whether, you have any to spare – their ages – & price.

I am not particular about the age, year olds or younger will answer – I wish a Bull & heifer.

Yours Respectfully
