burned in effigy on the point on Monday night. I will attend to yr enclosures. M, will be here next week I think. H, is far from being in good health but the boys Mr & Mrs Spencer are both well. As I probably wont have an opportunity for a few days to send on yr letters should this change yr mind on the subject of yr letter to Wm you can write me. Now that the law is in force against Sam he is for being off. & willing to relinquish his patrimony I therefore infer he is in the wrong

With love to all Yrs &c
