Baltimore June 3. 1835

C Birnie Esq

Dear Sir

Your favor of 30 ult. is before us, and in reply would advise you, that, should your wool come to market soon (say in a week or two) we can get a price which will nett you after all charges, 40 cts, and perhaps more. for common wool We hope to get 45 cents or more for that description of wool.

The finer descriptions of your flock we think will readily command somewhere between five and ten cents pr lb more than we got for it last year.

Considerable Foreign wool has been ordered, and no one can predict with much certainty whether the early or latter part of the season will be the best time to sell. We are Sir

Very respectfully

Symonds Reed & Co.

Gentlemen.

The papers relating to the H. M. Academy left me by my Father for the inspection of the city trustees, have had their attention, and they think with you, that as early a meeting of the board as practicable should be convened.

I am therefore authorized by the Revd Drs Henshaw & Johns to appoint Monday next the 8th inst. to meet at the Academy - and it is hoped that upon this occasion there will be a general attendance.

I remain
Gent.
With respect your obt. svt.
Geo. L. Ashbridge.

To
C Birnie Esqr and
Mr R Birnie
