Balto 8th Sept 1836

Yr letter by Mr Williams my dear father was duly rec'd to day & my letter by yesterdays mail will say all I have to say as to the loan to me & myself but probably not in time as to the latter as Mr St, told me he saw you on Mr Ws porch as he came down consequently I presume at Deckers, I will do nothing until after the 20th prox after then I will have time enough to make my arrangements. The advertisement I sent was a mistake, without looking I took the wrong one off my table & if put up let it be taken down for fear of a mistake in the reading of ignorant men. I wrote to Marshall before yrs was rec'd to send handbills to Rogers. I really must sell, but not b p than at $10 — I am in a very unsettled state & with my family am getting too old to be any longer barely living. I think my land will sell best in 2 parts by a line drawn N & S at right angles with the line running above the top of Franks meadow but unfortunately that will leave all the clear meadow on one side & all the wood on the other but I do not see how it can be divided otherwise I will make out & send M a plat & have requested him to stay at yr house the night previous so that you may talk with him & will write him fully before the sale. I am far from being down cast — never the less I must do better. See Rogers to send me my Black stone saws (he won't read it) I miss it very much, also 30 g of Scotch Works. If M sends the bills let them be put up in Union Town Bellefonte & Prop Lillestown &c

Ecks & McCauses mills

Yrs affly

C Birnie Jr

PS Hellthaw went out on Thursday evening consequently I missed him & carried the hand bills but place by if M has not sent them on & get them & circulate as above — If the hand bill sent before is up let it be taken down previously

My dear father I had written a long letter to H, but find she has gone on to Tuesday Marshall will offer my farm for sale on the 20th Nothing of note here if I can get them packed I will send the gals preserve pots in the morning I hope the cotton & books sent last week were rec'd with love to all Yrs sincerely

C Birnie Jr

PS I sent a handbill for Ecks mill If a chance offers tell Rogers to get some from Marshall & put them up if he has not I will write him I cant possibly fix on any thing before 16th Dorsey did not come in I have written to him Mrs Johns & her infant are dead

Dr Sir, In answer to the above I want to say, I do not want it at all lately the money will be called for in some years to come, this is only the 1st union payment, prob. you will take it only for what it is worth — in haste but truly yours

C Birnie

Yrs Sincerely
