all our circumstances; my two daughters, have been with Him since December last, but to school at his residence, Halleth Cree, and with the advice of their Mother, he bound them, 18 months to an Eminent Milliner, who he says values 30.000 Dollars in a few years, with the best Character, She is married to eminent Physican, Dr. Childs, residing 44 John St. N.Y. they have 6 Months vacation, which they spend at Halleth Cree, at School. Mrs Shaw, has now Mentioned your name in her Letter, says write to your Friend Mr Bionie, tele Him. your situation, How Henry is fixed & he had no doubt, but He would willingly take Him off your hands, and put him in a way of making a livelihood for himself; tele him, of the unfavourable opportunities you have had, of giving him, a good education, his perfections & imperfections, can he write, read tollerably, His disposition &c &c, — He has a good Heart, strictly Honest, and his probity is such, that I should look for a good prospect in life, that with care, & a little more education, he may likely be an active subject, in Community, well disposed to Mankind —

After all my efforts to dispose of my property, and relieve me from my difficulties I have succeeded — I exchanged my Mill & farm, for a property in Richmond with a Col Flemming, I get a Property, well judged, at this time to be worth $2.000 — His notes secured on this place, for 1.500. interest, 6 pr Cent on the property, there are 2 Houses rents, 160 Dollars pr year, and at the expiration of one year a building worth 100 dollars pr Annum, this joining the Main Street, altogether I am now satisfied — My Mill property was most uncertain, it cost me 500 Dollars last year, repairing the Dam &c &c destroyed by violent Storms, & floods,

It should give my mind ease, getting rid of this uncertain property, & having an opportunity of getting my 4 Children educated, which could never be the case where I remained, and if the [illegible] Lord spares me, I may get them into some business, here or at Nazareth — [illegible] Hester says she will go to her [illegible] Father, to get prepared, to go to her Sisters, say, If it was Gods will, I wish she was under your protecting care, she is a lovely child — Now my Dear Kitty, you have an account of my Earthly Objects, a Friend, to help me, is what I solicit from God, His infinite Mercies to me, are unmountable, I know, he will not forsake me, It is my hope we shall all be prepared, to meet Him — Please give my love, & affectionate regards, to Mr Bionie, and your Family, and ever believe me, yours most truely A Shaw Bionie —
