The value of the SENTINEL as an advertising medium was shown by the numerous inquiries received in relation to a notice, "Farm Hand Wanted," which appeared first in the issue of February 25th. The advertiser requested applicants to inquire at this office. Many have already done so and they still continue to come. We take this means of notifying all persons interested that further inquiries will be unnecesary as a party from York, Pa., has been employed.

The Weather.

An exceedingly copious rain prevailed, during most of last Saturday night, in this city and the surrounding country. Vivid lightning and heavy thunder accompanied the storm for a short period. The rainfall was so heavy that in some sections of this city the gutters, ample as they usually are to carry off accumulating waters, were insufficient to do so in this case and numbers of cellars were flooded.

A day or two of pleasant weather succeeded the storm, and then winter revived and by Tuesday morning a blizzard of moderate force was sweeping over this section. Snow fell to the depth of about five inches and was followed by a slight cold wave and high northwest winds. Many of the public roads were again obstructed by drifts to an extent that rendered them impassable, and star route mails were seriously delayed. Some of the carriers were utterly unable to get over their routes for a day or two and travel by vehicle, on horseback, or on foot is still much impeded.

Rev. D. W. Sollenberger has been reassigned to the Manchester Circuit, United Brethren Church, and Rev. J. O. Clippinger to the Taneytown Circuit, by the Conference which was in session at Shiremanstown, Pa., during the latter part of last week and first of this.

A Fire In Westminster.

The Fire Department of this city was called out by an alarm of fire at 1 o'clock, yesterday morning, caused by the burning of the carpenter shop of Mr. Chas. B. Hunter, on the rear of the lot of the Far's. and Mech's. Nat'l. Bank of Westminster. The building and its contents, consisting of tools, lumber &c, were entirely destroyed. The shop was located near the office building belonging to Mr. Geo. W. Albaugh and occupied by a number of the attorneys of the court and others, and the heat ignited the roof of that structure and damaged it very considerably. It was only saved from utter destruction and a disastrous fire prevented by the energetic and faithful efforts of the firemen, who responded promptly to the alarm and were able to keep the flames from spreading. Messrs. Fink, J. M. Reifsnider and J. M. Roberts, who have law offices in the building, had their furniture and libraries removed, and Mr. E. H. Manning, who has a room in the second story, also had his furniture carried out. The flames were confined chiefly to that part of the building occupied by the gentlemen named. The firemen encountered considerable difficulty in bringing their efforts to bear on the fire, by the obstruction caused by numerous overhead telephone and electric wires, but finally succeeded in subduing the flames.

We have heard no estimate of Mr. Hunter's loss, but it is probably from $300 to $500. He has an insurance of $90 on the building and $240 on the contents, in the Carroll County Company. Mr. Albaugh's loss is fully covered by an insurance of $800 in the Pennsylvania Company, Mr. James E. Smith, agent. Mr. Fink has a policy in the North British and Mercantile, Mr. Reifsnider in the Pennsylvania, and Mr. Roberts in the Fire Association of Philadelphia, all companies represented by Mr. Smith. Their losses, however, are only nominal, no damage having been done to their effects by fire. The origin of the fire is not positively known, but there seems to be little doubt that it was started by an incendiary.

Mr. Smith very kindly and thoughtfully had the firemen served with hot coffee, at his own expense, while they were engaged in the fight against the flames.

Bible and Flag Presentation.

On Friday afternoon of last week a Bible and American flag were presented to the public school at Patapsco, by Western Maryland Council No. 79, Jr. O. U. A. M., of this city. The occasion was a memorable one in the history of the school, great interest in the event having been manifested, not only by the teacher and pupils, but by the people of the surrounding country. Notwithstanding the almost impassable condition of the public roads, so many persons assembled to witness the exercises connected with the presentation that the capacious school house did not accommodate more than a third of them. The presentation speech was made by Mr. R. H. Reininger, of this city, and the sacred volume and national standard were accepted, in an appropriate address, by Mr. George R. Gehr, president of the school board. School Examiner Farrar gave an interesting sketch of the history of the flag, and Mr. Ivan L. Hoff, counsel to the board, delivered an address. The part taken in the exercises by the school consisted of a literary program of recitations, dialogues, singing, &c. The flag, which is of regulation bunting, 6x10 feet, was raised upon a tall and graceful pole, previously erected for the purpose. The Bible is a handsomely bound, clearly printed copy of the Word of God. Both are objects of which the school is proud, and which they will cherish with care and affection. Mr. Wm Shamer is the teacher of the school and Miss Birdie Carr assistant. The school house was tastefully decorated by the ladies of the neighborhood with flags, potted plants and flowers.

As for ground hog weather we are having it in all its variations. Last week it was mud, mud, mud; then came the thunderstorm of Saturday night, followed by a driving wind and beautiful sunshine. The bad condition of the roads had so exhausted him that he could get no farther. He was taken to the store of Mr. M. Bosley and made comfortable for the time being. Mrs. M. L. Morelock, of this place, has a white leghorn hen about 4 years old that as a layer is breaking the record. When she first began to lay there was no record taken of the eggs until she proved such a constant and regular contributor to the egg basket as to cause the record being started. Up to the last report the score stood 630 nice large eggs. She takes but a short period of rest, when the almost daily deposit is in the nest. I read some authority at one time that contended a hen had reached the laying limit at 350 to 400. If so, Mrs. M. has the champion. What does our New Windsor friend, Mr. Otto, think of it? He is posted on hen habits.

The remains of Mr. Amos Williams were brought here on Tuesday from his Woodberry home, (where he died on Sunday last at the age of 60 years) and laid away to rest in a family lot in the U. B. Proceedings of the School Board.

The School Board was in session on the 6th inst., all members except Dr. Reindollar being present.

The following appropriations were voted:

For District School Library at Union Bridge, $10.00.

State Teachers' Association, $10.00.

Repairing pump at Meadow Branch School, $1.75.

A number of bills for fuel and repairs were passed and ordered paid.

The Board ordered that such schools as were not able to open on Sept. 12th last, on account of incompletion of new buildings, could make up deficient time by continuing the spring term beyond the closing date.

The resignation of Mary E. Polster, as teacher of Morgan Run School No. 8, Election Dist. No. 4, to take effect at the end of the spring term, was accepted. The resignation of J. Roy Sundergill, as teacher of D. P. Creek School No. 8, Election Dist. No. 10, to take effect March 10th, was also accepted, and the matter of securing a legally qualified successor was left to the examiner.

The Board ordered that the teachers should be paid in full for time lost during the recent snow blockade. Teachers should, however, state plainly on term reports the number of days school was not in session during said period.

Mr. Shaw paid $3.75 to the treasurer, which he said was received from the sale of an old tree at Springdale School No. 3, Election Dist. No. 11.

Samuel J. Asper and David B. Utz, trustees of Eberg School No. 3, Election Dist. No. 8, were before the Board to state their need for a new house. They thought repairs would waste the public money. They were advised to confer with the people of the district and see if a suitable lot could be obtained, and the Board would then give the matter due consideration.

Mr. Truax, a representative of the Franklin Publishing Co., of N. Y., was granted an audience and presented the merits of two books, viz: "School and Home Melodies," and "Nature Study," and asked their adoption. The matter was deferred until the members could give them proper attention.

The following orders were passed: Ordered, that the spring term close April 21st.; that the reports be sent in promptly in proper form and duly executed; that the board meet April 26th to audit term reports, etc.; that the Teachers' Association meet in Westminster High School Assembly Hall, April 28th.

Mrs. M. R. L. Forney's contract as teacher of school No. 7, Election Dist. No. 11, was confirmed by the Board at its last meeting February 8th, but was unintentionally omitted from the published proceedings of that meeting.

The Board adjourned to April 26th, as above ordered.

EDITOR AMERICAN SENTINEL, WESTMINSTER, Md.

DEAR SIR:—In the outset of my solution of the "Horse Problem" I showed that the will could not be obeyed literally. Hence, to solve the problem according to pure mathematical principles it is necessary to use the method of simple partnership, i. e., make the total shares the denominator and each man's share (separately) the numerator of the fraction and multiply this by the amount to be divided and the product will be what each man is to receive.

This is the method I used in solving the "Horse Problem," and if the Taneytown correspondent will only take the time to review the subject of simple partnership, I feel confident that he will agree with me that my solution of said problem is in strict accordance with pure mathematical principles, and that the results were not obtained by a "clever legerdemain manipulation" as he termed it.

As the reasoning given in the latter part of his "discussion" does not appear in my solution, I have no comment to make on it.

CHARLES C. CROSS.

THE HORSE SHOEING PROBLEM.

The problem proposed by your Gosnell correspondent simply consists of summing 32 terms of the following Geometrical Progression:—1, 2, 4, 8, etc.

The last term of this series equals the first term (1) multiplied by the ratio (2) raised to the 31st power = 2147483648. The sum of this series equals the last term multiplied by the ratio (2) minus the first term (1) = 4294967295. Hence the enormous sum of $42949672.95 would accumulate for the 32 nails.

CHAMBERLAIN'S COUGH REMEDY.

This remedy is intended especially for coughs, colds, croup, whooping cough and influenza. It has become famous for its cures of these diseases, over a large part of the civilized world. The most flattering testimonials have been received, giving accounts of its good works; of the aggravating and persistent coughs it has cured; of severe colds that have yielded promptly to its soothing effects, and of the dangerous attacks of croup it has cured, often saving the life of the child. The extensive use of it for whooping cough has shown that it robs that disease of all dangerous consequences. Sold by Jos. D. Zepp, Druggist, Westminster, and Lewis H Dielman, New Windsor.

I have been afflicted with rheumatism for fourteen years and nothing seemed to give any relief. I was able to be around all the time, but constantly suffering. I have tried everything I could hear of and at last was told to try Chamberlain's Pain Balm, which I did, and was immediately relieved and in a short time cured. I am happy to say that it has not since returned—JOSH EDGAR, Germantown, Cal. For sale by Joseph D. Zepp, Druggist, Westminster, and Lewis H. Dielman, New Windsor.

Rev. E. Edwards, pastor of the English Baptist Church at Minersville, Pa., when suffering with rheumatism, was advised to try Chamberlain's Pain Balm. He says: "A few applications of this liniment proved of great service to me. It subdued the inflammation and relieved the pain. Should any sufferer profit by giving Pain Balm a trial it will please me." For sale by Joseph D. Zepp, Druggist, Westminster, and Lewis H. Dielman, New Windsor.

HIS LIFE WAS SAVED.

Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from a frightful death. In telling of it he says: "I was taken with Typhoid Fever, that ran into Pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of Consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it, and now am well and strong. I can't say too much in its praise." This marvellous medicine is the surest and quickest cure in the world for all Throat and Lung Trouble. Regular sizes 50 cents and $1.00. Trial bottles free at A. H. Huber's and Joseph B. Boyle's Drug Stores; every bottle guaranteed.
